Our Finest Rayon Gabardines

$8.98 each

P-38

A RAYON FABRIC CONTAINING APPROX. 40% TECA EASTMAN ACETATE RAYON

A feather in Sears cap—bringing you, at this price, this superb gabardine that fashion magazines headline, many smart stores prefer, Hollywood designers love to work with. Better? Of course it's better. For everything to make it so is done by the fine house that produces it. Heavier, more costly yarns (40% Teca rayon) for that rich, full, firm-textured feel. The best dyes, most expensive finish have been lavished on it, so that it tailors exceptionally well, doesn't wrinkle easily, the popular Fall colors have great beauty and luster.

- Waistlines, yokes and shoulder seams are taped
- Sleeve bottoms have deep faced and taped hems
- Fine stitching, with 12 to 16 stitches per inch
- All seams pinked. Side seams are pinked, pressed open and 7/8 inches wide to allow for letting out
- Hems taped, blind-stitched, 2-in. deep for altering

Cotton Shirtfrock in famous Lonsdale Cord

$3.98 each

Some styles are so good, so well liked, they go on year after year. This dress is one of them . . . a featured favorite at Sears for the last several years, No. 1 cotton choice of America's most discriminating women. So comfortable, so becoming it looks well on any age or figure, women want it in every color. Of such good quality it can be worn and laundered for many seasons. The fabric is the famous Lonsdale Cord, a fine corded chambray with stripes woven in . . product of the century-old Lonsdale Mill in Providence, Rhode Island. Tailored to Sears own specifications listed below:

- Fullness under back yoke adds to comfort
- Cleanly finished with neatly pinked seams
- Fresh water pearl buttons are closely spaced
- Well-made novelty belt with leather-like trim
- Fine, careful stitching throughout dress
- Hem overcast, 2-in. wide for lengthening
- Pre-shrunk fabric; residual shrinkage not more than 3%, assures correct fit always

KERRYBROOKE SHIRTFROCK, becoming classic you like more the longer you wear it. Easy to put on, easy to iron, with non-gap button front. Pleats on front bodice and skirt, back gores; roomy pockets. Our best quality chambray, washfast. *Sizes:* 12, 14, 16, 18, 20; size scale on page 11. *State size.* Shpg. wt., 1 lb.

Our finest Luxables cottons, part cottons in misses' sizes

Searspride . . the label tells the story. Our pride because they're our best, as you've come to learn. When a cotton or part cotton dress rates this label you can be sure of finer making, nicety of detailing, better fabrics. *And* fashion successes smart enough to go anywhere . . in the styles best suited for all-occasion wear. For instance, the suit dresses opposite, trim and well-groomed looking, could see you through a busy noon-to-night schedule. The ruffled dresses on this page have a Sunday-best femininity but the fabric represents everyday practicality. The stripes are woven right into the chambray—washing won't dull their spic-and-span brightness. Whichever you pick, you're getting proven fashion rightness and unlimited serviceability.

Quality details for better service:

- Seams cleanly pinked. Fine, careful sewing throughout with small stitches
- Hems neatly finished . . two inches wide (except border print 2-piece suit dress because of the pattern)
- Top grade buttons firmly attached . . closely spaced to prevent gaping
- Pleats and gathers are generously full everywhere for free movement
- Smooth, bulk-less placket closings
- Belts are reinforced; self fabric belt loops strongly sewn. Buckle self fabric covered for richness.

Crisp Work Dress of sturdy cotton, easy to slip into or iron

THE BUTTON-FRONT COAT DRESS is the all time favorite with busy women for work at home or on the job. That's why we present it in two versions: striped or solid cotton, as pictured. Styled for clean-cut good looks, as well as working efficiency, it can serve as a uniform too. Sears low prices make it thrifty to have several. No fuss, no muss—slips on just like your coat. Just as easy to iron because it opens flat. Comfortable to work in—fullness under yoke, and at waistline allows free movement. Buttons closely spaced so skirt does not gap; 2 handy large pockets. *Misses' sizes:* 12, 14, 16, 18, 20; scale, page 11. *Women's sizes:* 38, 40, 42, 44; scale, pg. 17.

Suit and Companion Coat in diagonal wool tweed

We believe in tweeds and so does fashion, for they go on year after year. Handsome, hearty woolens with plenty of life to them, expertly tailored into a suit and matching winter coat. And because we've been doing them for years, we know just how to scale their just-alike lines . . . shape the neatly turned collars and lapels, cut the armholes and shoulders so they fit smoothly. In sturdy all woolens, they're a warm as well as a smart combine against chilly weather. Certainly, they look and are worth more than this low Sears price.

Coat tailored with these fine features . .

- Open vent back for walking freedom
- Patch pockets; finely stitched flaps
- Set-in shoulders; deep-cut armholes
- Complete interlining for extra warmth

Suit tailored with these fine features . .

- Dart-fitted jacket that's fully lined
- Stitched flap pockets to match coat's
- Skirt with gores placed for good lines
- Talon zip placket closing on the skirt

Both suit and coat have these in common . .

- Rayon linings carefully sewn and fitted
- Plenty of precise welt seaming detail
- Taped hems; strongly stitched seams
- Smart buttons to match suit colors

Match-ups

Suit and Coat to match in soft monotone wool

They're our specialty . . the suit that's a smart twin of the warm winter coat topping it. Careful tailoring produces their soft flattering fit, their smooth lines, the ease with which the topcoat goes over the suit (armholes are cut extra deep). Both adopt the same deeply peaked lapels, flap pockets and rich stitching detail. Both are completely independent of one another, can be teamed with other things in your wardrobe. Once you own our splendidly tailored Kerrybrooke Match-Ups, you'll wonder how you ever did without them.

Coat tailored with these fine features . .

- Open vent back for walking freedom
- Deep flap pockets within easy reach
- Set-in shoulders; deep-cut armholes
- Complete interlining for extra warmth

Suit tailored with these fine features . .

- Figure-moulded jacket fully lined
- Piped pockets neatly set-in at hips
- Inverted pleat front and back on skirt
- Talon zip placket closing on the skirt

Both suit and coat have these in common . .

- Glove-stitching with a hand-done look
- Carefully fitted and full rayon linings
- Taped hems and reinforced seams
- Smart buttons to match their colors

A Sable-dyed Coney fur coat is one of the most sensible things you can buy today. It keeps you so very warm, takes day-to-day wear, looks beautiful for years. All are typical good Sears values. Available on Easy Terms; see inside back cover for complete details.

Our Skins are specially selected . . . dressed and put together by expert furriers. Full-furred pelts *all over* coat. Every coat is fully stayed to reinforce strongly all points of strain.

Our Dyeing is expert, too, improves the beauty and lasting appearance of fur, makes skins supple so they endure strain, drape easily. Produces lustrous, velvety color that lasts.

Our Patterns are smartly styled, and amply cut. Generous front panels; deep armholes.

Our Details, buttons, hooks, loops, rayon satin linings, warm interlinings are good quality, long wearing. Armshields and ties. Collars and fronts piped. Sleeves have windshields.

Warm tailored Robe

Put your money in a quality robe like this and you've something you can wear and enjoy for years. Warm, as only a pure wool worsted flannel or Ara-ray flannel (part rayon, part Aralac, nearest man-made approach to wool in warmth) can be. Good lines flatter your figure. Precise tailoring, like that in a man's robe . . niceties of finish listed below:

- Firm flat lapels. Generous overlap to skirt
- Bodice darts for good fit. All seams pinked
- Inside ties give a smoothly trim waistline
- Luxurious fine white rayon satin binding
- Long, wide, loose belt is richly tasseled
- Full long sleeves for warmth and comfort

Winter-warm Knit Slips

Famous for extra warmth without weight . . for better fit because they are designed in individualized sizes . . in the 2 most popular lengths. Choice of 4 long-service qualities.

Many women prefer Sears Lady Pilgrim slips because: 1) They're cut to fit body contour, in individualized sizes . . which gives wrinkle-free smoothness, slenderizing lines. 2) Strong flat seams for longer wear. 3) High cut back for warmth and better fit. 4) Crocheted bottom prevents curling and riding up. 5) Elastic knit of strong yarns, keeps its shape. 6) Adjustable drawstring neckline. **How to measure for Knitted Slips:** Measure bust, placing tape around fullest part, holding it close against body. Order bust size nearest measurement. Lengths in regular even sizes are 40 and 43 in. . . in stout even sizes 45 in. Given length of slip is measured from top of shoulder to edge of hem.

How to measure for Foundations

It's easy to order by mail from Sears. Marion Lamont, Sears expert corsetiere, says, "Measuring is important—follow the simple rules below and you're sure to be pleased. Measure snugly over dress with foundation on, as this makes your body firmer and an accurate fit can be had . . . have someone else help you take your measurements, if possible. If you are wearing a Charmode foundation now and your figure has not changed—order the same size. Specify size stamped on garment or size tab." If you have a particular figure problem, write Marion Lamont, care of Sears, Roebuck and Co.

How to measure for Full Length Foundations

Send only bust and hip measure when ordering.

1. **Bust Measure . . .** measure at fullest part over dress.

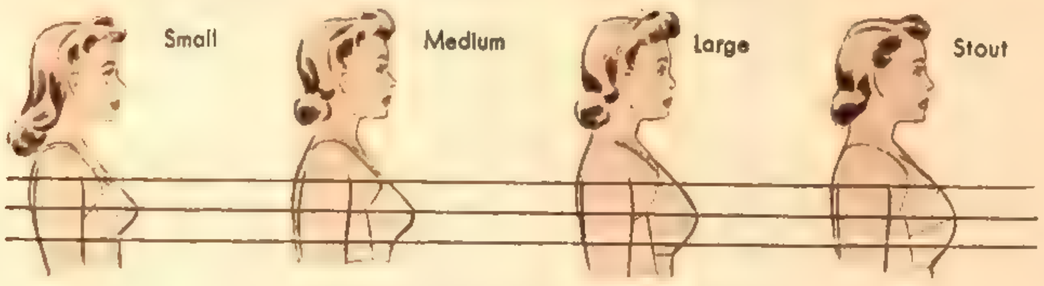
2. **Hip Measure . . .** measure at fullest part over dress.

How to measure for Waistline Foundations

Send waist and hip measure when ordering.

1. **Waist Measure . . .** measure at narrowest part over dress with belt removed.

2. **Hip Measure . . .** measure at fullest part over dress.



How to determine your figure type before ordering

FOR ALL FOUNDATIONS. (3) Check your length, *"waist down."* This is the most important measure to determine what length garment you need, for height alone does not determine proper length. Place tape measure at waistline, side back (as shown in center illustration above); measure to point well under curve of buttocks. Each garment is classified as Short, Medium or Long length. Select a Short length if you measure 13 inches or less, waist down; Medium length if 14 to 15 inches, waist down; Long length if over 15 inches, waist down.

FOR FULL LENGTH FOUNDATIONS. Compare the difference in inches between your bust and hip measure. In the description of each garment, we state what size hips it will fit. For example: "Fits hips 2 to 5 inches larger than your bust," means that this garment will fit you, if your hips measure either 2, 3, 4 or 5 inches larger than your bust. So, if your hips measure less than 2 inches, or more than 5 inches larger than your bust choose another garment.

FOR WAISTLINE FOUNDATIONS. Compare the difference in inches between your waist and hip measure. In the description of each garment, we state what size hips each garment will fit. For example: "Fits hips 7 to 10 inches larger than waist"—means that this garment will fit you if your hips measure 7, 8, 9 or 10 inches larger than your waist. If your hips measure less than 7 inches, or more than 10 inches larger than your waist, choose another garment.

HOW TO MEASURE FOR BRASSIERES

They all wear the same size Bra—
but each takes a different bust-cup development

Correct fit is determined by bust development as well as bust measurement. You may be Small, Medium, Large or Stout bust-type regardless of size. From bust chart determine your cup type. Select a brassiere designed for your particular development. Each brassiere listed gives bust-cup development.

TO MEASURE YOUR BUST SIZE draw tape measure snugly around fullest part of bust over your dress while wearing a brassiere. If your measurement is not even, order the nearest size. For example, if you measure 33 inches or more, order a size 34; if you measure 32½ inches or less, order a size 32.

Whenever pre-shrunk is applied to corset or brassiere fabrics, it means maximum shrinkage does not exceed 5%. We recommend gentle Lux care.

Better Care Means Longer Wear—prolong the life of your Garter Girdle by frequent laundering in gentle LUX. It's easy to use . . . and will leave your garments flower-fresh and ready to wear. Use lukewarm water, turn garments wrong side out, close fasteners. Squeeze suds through garment—do not scrub, twist or wring. Rinse thoroughly. Hang so air will circulate through garment—do not hang over heat. To press, use warm (not hot) iron. Your foundation will last longer with the right care. If you have difficulty selecting the proper garment, write Marion Lamont, Sears, Roebuck and Co. for advice.

Pilgrim Flatter-ees Vests and Panties for women

REG. U. S. PAT. OFF.

The smooth-fitting, tailored knit underwear modern women prefer for winter comfort

Flatter-ees vests and panties are knit in a resilient tuck stitch that stretches with every body movement; fit smoothly, never bind or sag out of shape. Vests and panties provide warmth yet weigh just a trifle. Launder easily . . . no ironing. Skillfully designed to give you maximum comfort and wear. Vests are shaped at waist for slim, trim lines. Cut full and long enough to avoid "riding up" and bunching. Panties and pant-a-lettes have snug fitting waistbands with adjustable tie sides or part elastic (depending upon availability). Shaped saddle crotch, a reinforcement that adds much to the comfort and strength. Leg openings fit smoothly. All seams are strongly flatlocked, reinforced at strain points to guard against ripping. Select the style you prefer in fabric best suited for your individual needs. Choice of 2 styles.

HOW TO MEASURE FOR WOMEN'S KNIT UNDERWEAR

Bust. Measure over dress. Run tape measure over fullest part of bust, close up under arms, across shoulder blades in back.

Hips. Measure over dress. Run tape measure around fullest part of hips, about 9 in. below natural waistline.

Order in even sizes only. For example: If your bust or hip measures 41 inches, order next larger even size (42).

Use a tape measure: Do not guess. Underwear is cut to standard measurements. Be sure garment you want is listed in your size.

Pilgrim lightweight cotton Union Suits

REG. U.S. PAT. OFF.

All three qualities . . . GOOD, BETTER, BEST . . . have strong, smooth seams, drawtape neck, picot trim. GOOD quality is rib-knit of sturdy cotton. BETTER quality is finely rib-knit of softer, better cotton and has "shaped sides" for trim fit; set-on armshields.

BEST quality combines features of the above, plus an even finer fabric. The cotton is knit with more needles to produce an extra fine rib and soft texture. This assures the utmost in smooth fit and comfort. BEST quality has a fitted top with shaped shoulder straps that stay in place. Ideal for wear under dressy frocks; never bunch or bind.

Our warmest Cotton Union Suits . . . medium heavy and extra heavy

Come in your choice of four popular styles . . . regular and extra large sizes

These are the heaviest, warmest cotton union suits we sell . . . favorites of women who want a suit that is comfortably warm, fits and wears well, yet is not expensive. Closely rib knit of fine cotton yarns for smooth, snug fit; allows plenty of stretch without strain or binding. Cut generously full and roomy. Fit neatly at the leg, arm and neck openings; have smooth, flatlocked seams that won't chafe. Wide overlap on flap seat affords complete coverage. Drawtape at neck. Extra heavy weights are more closely knit and have thicker fleecing inside; therefore are warmer and have more elasticity. Four styles, select the one best suited to your needs.

A Short sleeves and knee length

Pilgrim PRINCESS . . . our best Union Suits . . . part wool

PEG U.S PAT OFF

Best in fit, fabric and tailoring . . . the features tell the story

These Pilgrim Princess union suits are the finest we sell. Because of their superb tailoring and top quality fabrics you are assured of better fit, better looks and longer wear. Shaped at the sides—there is no unnecessary bulk to ruin the sleek lines of your dressy frocks. Curve-cut armholes and shoulders fit correctly. Non-strain gusset at crotch adds comfort. Wide overlap on flap seats. Firm, closely rib knit in an extra fine gauge of soft-textured, long fibered yarns that are smoother and more durable than the short fiber kind found in union suits of lesser quality. Try these suits once and you'll know why they are best sellers year after year.

Brunettes

Brownettes

Redheads

In developing this make-up Max Factor has taken into consideration the color needs of all four types: blondes, brownettes, brunettes and redheads. Whatever type you may be you can find in Max Factor's preparations the combination of colors to bring out to best advantage a more attractive, a more fascinating you. Just as an artist painting the portrait of a beautiful woman uses a palette of colors chosen for her, Max Factor creates make-up for individual charm. Women whose hair has turned are advised by this famous make-up artist to use shades that harmonize with their original color of hair.

Wise women know that faithful skin care and thoughtful make-up are equally important for radiant feminine charm. Choose the Max Factor's cream recommended for your individual type of skin to cleanse, lubricate and protect—daily—your face, throat and neck. *All items postpaid.*

B Cleansing Cream—A new type of cleansing cream for normal, dry or oily skin. Its fine pure oils do a quick, thorough cleansing job. Apply lavishly over neck, throat, face, then remove. Your skin will feel refreshed.
8 K 4213E—3 oz. 66c

C Melting Cleansing Cream—A liquefying type of cleansing cream that melts instantly on the skin and helps remove makeup and dirt. Suggested for oily type skin. Apply generously on neck, throat and face.
8 K 4203E—6 oz. . .$1.20

D Dry Skin Cream—A rich, heavy cream made of finest grade emollient ingredients. Softens, smoothes dry skin. Apply before retiring, pat gently, but do not massage, for best results. Leave on overnight.
8 K 4204E—1 ¾ oz.$1.20

A Max Factor Face Powder. 1) . . . it imparts a lovely color to the complexion because its shades are created to blend in with your skin tone. 2) . . . it creates a satin-smooth make-up because its downy soft texture clings to every type of skin . . . really stays on. This high quality face powder has been sifted and resifted to achieve the velvety soft texture you love to feel on your skin.

Shades: Rachelle (for very fair skin); Rachelle No. 2 (for fair or creamy skin, redheads or blondes); Rachelle Rose (natural glow to blondes); Olive (for medium, ruddy or freckled brunettes, redheads); Olive No. 2 (for dark brunettes, also Spanish types); Natural; Brunette or Flesh. *State Shade wanted.*

Luxurious Tuxedo Fur Trim adds beauty to any coat

The very popular Tuxedo is a flattering style, placing soft fur around the face and long slimming panels down the front. Your present coat made of lovely materials can be quickly remodeled into a charming Tuxedo, giving you a stylish and valuable coat at a saving in cost. Compare Sears furs with those often offered by others on ready-made coats. Carefully taped and backed ready to attach to either a new or remodeled coat. All are generously cut . . . long enough for use on a coat for taller women. Pattern and instructions for mounting included. Matching fur trim listed on the opposite page can be used to dress up cuffs, to trim your favorite hat, to edge a matching muff. *Prices include 20% Federal Excise Tax.* Remember . . . you can buy Fur Trim on Easy Terms—see the inside back cover for complete information.

A Persian Lamb $29.26

B American Opossum $24.19

A **Genuine Persian Lamb lapel collar** . . . very latest style. You will be right at the top of the fashion parade with this dressy tuxedo collar. Fine quality large pieces are perfectly matched and securely sewn together to produce a continuity of fur just like the much more expensive full sized skins. Piecing does not affect the future wear of the collar in any way. Width of fronts about 5 inches. Striking matching cuffs are made with 5-inch trimming ♦25 K 1505MEY listed on opposite page. Hat is likewise decorated with the same trim in a 2-inch width. *Black only.* Shipping weight, 1 pound 10 ounces.
♦25 K 1572MEY . . . . (*Federal Tax included*) **$29.26**

C South American Fox $49.75

D Leopard Dyed Coney. $39.75

C **Genuine South American Fox** . . . our most gorgeous long haired collar. Rich and abundant fur skillfully cut in the latest style tuxedo collar. You'll love the soft fluffiness of this beautiful fur. Thrill to the luxury of owning a silver-dyed fox that closely resembles the real expensive fur. Cleverly dyed to imitate the exact shadings of northern silver fox, even to the natural dark portions along both edges. Also offered in a beautiful red fox-dyed shade which is particularly lovely on proper contrasting materials. Simple instructions for attaching to coat enclosed with each collar. Width of fronts is about 5 inches. *State color:* Silver fox (dyed) (illus.) or red fox (dyed). Shipping weight, 1 pound 10 ounces.
♦25 K 1573EY . . . . . (*Federal Tax included*) **$49.75**

D **Leopard dyed Coney** . . . magnificently tailored in the lapel style tuxedo. It is our top style collar . . . made especially for women who demand the very latest in the fashion world. The fronts are extra wide —a full 7½ inches to give your coat that added richness as seen in the illustration at right. Skins have lovely black markings on a soft, creamy-tan background. Closely resembles the highly fashionable genuine Somali Leopard fur. Very smart on black or with proper contrasting colors. It's so easy to bring ravishing new beauty to your coat. Follow the pattern included with collar. Shipping weight, 1 pound 10 ounces.
♦25 K 1574MEY . . . . (*Federal Tax included*) **$39.75**

Matching cuffs add that finishing touch. The same fine quality as ♦25 K 1574MEY listed above. Taped and padded ready to put on your coat. *Size:* about 8½x15 inches. Shipping weight, 1 pound 6 ounces.
♦25 K 1575MEY . . . . . (*Federal Tax included*) **$9.67**

Matching trimming to decorate a hat as shown in the illustration. Same Leopard dyed Coney as above. Can also be used to trim muffs, coats, suits, children's garments, etc. *Size:* about 1-inch wide. Shipping weight, yard, 2 ounces.

½ down on easy terms

Sears made fashion history with women's Redgate coats and Ann Barton dresses. Now the same type of classic fashions for Teens . . done in choice woolens, quality made by a top grade manufacturer to the rigid specifications listed below. *Teen sizes:* 10, 12, 14, 16; see scale on page 208. *State size.*

- FABRICS are our finest long wearing all wools, firmly woven, carefully sponged to assure minimum shrinkage.
- LININGS in smooth durable rayon for long wear. Interlinings of warm furry flannel-like cotton, hang smoothly.
- SEAMS are strongly sewn, for durability, smoothly pressed.
- NECKLINES are well shaped; collars and lapels are canvas-lined, have reinforced stitching to hold their firmness.
- ARMHOLES, taped, fully cut so they slide easily over suits.
- POCKETS are extra deep, fully lined, reinforced against wear.
- BUTTONS are fine quality. Stay backs anchor them to coat.
- BUTTON HOLES are firmly stitched with durable twist thread.
- HEMS, 2-inch, blindstitched to coat for easy alterations.

"SHOP AT SEARS BY MAIL—SATISFACTION GUARANTEED"

Fifty years ago Sears Catalog was the Wish Book of the Nation. It was then, as it is now, famous for its specific and accurate descriptions—a good common sense policy on which to build a business. In intervening years the customers who beat the high tide of prices bought from the catalog constantly.

Today Sears list the best available merchandise at the lowest possible price, and as always we make every effort to fill your orders as fully and promptly as possible. It is our job to supply a population at war with the necessities that help it function and fight. Sears catalog brings the store to your door!

Our two finest sheer

Royal Purple
REG U.S PAT. OFF.

Rayon Stockings

Delightfully sheer stockings for dress wear in two popular styles—full fashioned sheers with fine, even seams, and the smart bareleg no-seam stockings sponsored by the younger set. Both styles are made of finest quality rayon yarns . . . knit in high gauge for smooth, flattering beauty and fine, even texture. They have the sheer, clear beauty you want for "best dress" occasions, yet they are skillfully reinforced to resist strain and wear.

Full fashioned Sheers

86c Pair

Flawlessly lovely . . . chiffon weight rayon stockings that successfully combine sheerness, beauty and wearability. Full fashioned throughout for perfect fit. The superb workmanship that goes into each pair of these stockings is evident in their fine, even seams, their dainty French heels.

Knit in 45-gauge (or finer) to give a smooth, even texture and extra sheer appearance. The fine rayon yarns are "high twisted" to impart dullness, snag-resistance, greater elasticity. Double rayon tops absorb garter strain. Heels, soles and toes of fine quality cotton, skillfully reinforced for longer wear. Shipping weight, pair, 3 oz.

Colors: beigetones, suntones, taupetones.
Sizes: 8½, 9, 9½, 10, 10½. See size scale on page 274.
86 K 786—*Be sure to state size and color wanted.*

Bareleg no-seam Sheers

54c Pair

You can achieve that popular "no-stocking-at-all" look in the few seconds it takes to slip on these sheer no-seam stockings. Chiffon weight rayon, as sheer and fine textured as the stocking described above and shown at the left. No seams, no fashion marks to mar their clear, unblemished beauty—a stocking designed to fit so smoothly, people will look twice to see if you're wearing any stockings at all.

Knit in extra fine gauge (340-needle) for smooth, even texture . . . the yarns are "high twisted" for strength, dullness and greater elasticity. Mercerized cotton tops, heels and toes; seamless comfort soles. Shpg. wt., pair, 3 oz.

Colors: beigetones, suntones.
Sizes: 8½, 9, 9½, 10, 10½. See size scale on page 274.
86 K 925—*Be sure to state size and color wanted.*

ROYAL PURPLE "basic" colors for fall and winter

BEIGETONES—varying tones of soft tans and medium golden beiges . . . a subtle complement to all your daytime clothes.

SUNTONES—varying shades of golden tans and warm blush beiges . . . to blend with all rich fall colors; gay and young looking with navy, brown and black.

TAUPETONES—varying shades of medium and dark beiges with a soft gray overcast . . . to wear with all neutral and dark colors for a smart, conservative effect.

Wash with care to preserve beauty and wear

Wash carefully in lukewarm soapsuds, using neutral flakes, such as LUX. *Handle carefully*—do not wring, stretch or rub. *Rinse well* in clear water. *Dry thoroughly*—roll up in dry towel to absorb excess moisture and reduce drying time; hang stockings over smooth rod to dry. ROYAL PURPLE rayons will dry overnight near artificial heat, without impairing their wearing qualities or appearance.

Royal Purple full fashioned Stockings in leg-flattering patterns

REG. U.S. PAT. OFF.

Pattern interest for a new leg appearance . . . a refreshing change from your plain knit stockings. These patterned styles successfully combine beauty and unusual wearing qualities. They're practical because they're made of sturdy, fine quality yarns . . . yet the open stitches give them a much sheerer appearance. Discreetly flattering, you'll find they give a slimming effect to your legs. Smooth fitting because they are full fashioned. Firmly reinforced at all points of wear. As usual they are the good values you expect when you shop at Sears.

Fine Lisle Mesh . . . . pin point pattern

69¢ Pair

Fine mercerized cotton lisle yarns, sturdy reinforcements, plus the "locked in" stitch make these service chiffons attractive, durable. Well reinforced for wear. Shpg. wt., pair, 3 oz.

Colors: beigetones, suntones, taupetones.
Sizes: 9, 9½, 10, 10½. Size scale on page 274.
86 K 912—*Be sure to state size and color.*

Sheer shadow rib lisles

79¢ Pair

Combining beauty and wearability . . . the shadow rib gives a slimming effect and makes this chiffon weight cotton lisle stocking look even sheerer.

Closely knit for fine, smooth texture. Light as a feather, yet durable because of the efficiently reinforced heels, soles and toes; double tops to absorb garter strain. Shipping weight, pair, 3 ounces.

Colors: beigetones, taupetones.
Sizes: 8½, 9, 9½, 10, 10½.
86 K 890—*State size, color.*

Guaranteed runproof mesh

98¢ Pair

Amazingly durable because they are guaranteed runproof. The tiny mesh pattern gives these fine cotton lisle stockings a sheerer appearance and makes them resistant to runs, snags and catches. The mesh stitches are "locked in" . . . this means that if the stocking is damaged, the hole will not run. Mercerized cotton tops and feet. Shipping weight, pair, 3 ounces.

Colors: beigetones, suntones.
Sizes: 8½, 9, 9½, 10, 10½.
86 K 454—*State size and color.*

Glamour-sheer rayon mesh

98¢ Pair

A discreet, lacy, rayon mesh—sheer looking, leg-flattering. Long wearing, too, because the mesh stitch is "locked in," insuring resistance to snags, runs.

Fine rayon yarns are "high twisted" for dullness, greater elasticity and strength. Mesh heels and soles skillfully reinforced with cotton; cotton reinforced toe. Shpg. wt., pr., 3 oz.

Colors: beigetones, suntones, taupetones.
Sizes: 8½, 9, 9½, 10, 10½.
86 K 868—*State size and color.*

Royal Purple practical weight stockings for daytime wear

REG U.S PAT OFF.

For you women who demand the utmost in style and durability . . . these practical weight stockings will look lovely on your legs, yet will withstand long hours of hard wear. They're economical, too—because of their longer life, you'll need fewer pairs. Full fashioned for a smooth, perfect fit. Firmly reinforced for added wear protection: double tops absorb garter strain; mercerized cotton reinforced feet for comfort and service. The sturdy, fine quality yarns are "high twisted" to give leg flattering dullness, plus greater elasticity and strength.

Fine textured, service sheer Rayons

79c Pair

Fashionable for dress, practical for work . . . these service sheer stockings are designed for the busy, active woman. Fine textured, smooth fitting—their smart appearance belies their ability to withstand strain and hard wear.

The rayon yarns are "high twisted" for greater strength and elasticity, and to give a leg-flattering, dull appearance. Double rayon garter tops; mercerized cotton reinforced heels, soles and toes for greater comfort, longer wear. Shipping wt., pair, 3 oz.

Colors: beigetones, suntones, taupetones.
Sizes: 8½, 9, 9½, 10, 10½.

86 K 545—*Be sure to state size and color.*

Our best service weight Rayons

92c Pair

Lasting loveliness is knit right into these fine quality, service weight stockings. Their dull, opaque beauty, plus their ability to withstand hard wear, is achieved through the use of heavier "high twist" rayon yarns. They're economical, too—because they wear so well, you'll need fewer pairs.

Knit in 45-gauge for smooth, even texture. Skillfully reinforced throughout: double tops, heels, soles and toes of fine mercerized cotton for comfort and wear. Shpg. wt., pair, 4 oz.

Colors: beigetones, taupetones, white.
Sizes: 9, 9½, 10, 10½, 11.

86 K 579—*Be sure to state size and color.*

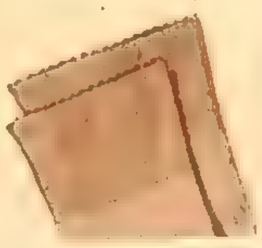
Smooth fitting Lisles . . . service Chiffon

79c Pair

Our best fitting lisle stocking . . . specially knit to slender proportions to prevent sagging or wrinkling, thus giving a smooth, leg-flattering fit. If you are 5 feet 2 inches to 5 feet 7 inches tall, weigh 90 to 150 pounds, these stockings will fit you perfectly.

The fine cotton lisle yarns are "high twisted" for greater strength and elasticity . . . mercerized, of course, to remove all fuzziness, and to give a smoother, sheerer appearance. Double tops absorb garter strain. Heels, soles and toes firmly reinforced for longer wear. Shipping weight, pair, 3 ounces.

Colors: beigetones, suntones, taupetones.
Sizes: 9, 9½, 10, 10½.



86 K 711—*Be sure to state size and color wanted.*

Wide, no-bind Tops

Royal Purple Outsize Stockings

Sears outsizes are especially proportioned to fit the larger woman who needs a stocking with extra width in the leg, extra give in the top. They are not stretched to size, but are *actually knit* wider and longer throughout. Because they fit properly . . . they look better . . . they wear longer.

Our best Rayon outsizes

98c Pair

Beauty plus wearability are combined in these service chiffons. Full fashioned, knit to true outsize proportions for a comfortable fit. Heavier "high twist" rayon yarns, knit in 42-gauge, give a fine texture and dull, opaque beauty. Mercerized cotton tops, cotton reinforced feet. Wt., pr., 3 oz.

Colors: beigetones, suntones, taupetones.

86 K 527—*Sizes:* 9½, 10, 10½, 11. *State size, color*

Fine Lisles . . . full fashioned

$1.09 Pair

Service chiffon lisles—sheer looking, long wearing. Knit to the true outsize proportions described above. Fine quality cotton lisle yarns are mercerized for smoothness, color clarity, strength. Knit in 42 gauge for fine, even texture. Double garter top; firmly reinforced feet. Shpg. wt., pair, 3 oz.

Colors: beigetones, taupetones.

86 K 840—*Sizes:* 9½, 10, 10½, 11. *State size, color*

Our lowest priced Outsizes . . . service weight Rayons

Sturdy, good looking and durable. Finely knit (280-needle) to the true outsize proportions described above to give utmost in fit, comfort, wear. Seam effect backs and fashion marks add to their appearance. Mercerized cotton heels, toes; seamless comfort sole. Shpg. wt., pair, 3 oz.

86 K 830—*Colors:* beigetones, suntones, taupetones. *Sizes:* 9½, 10, 10½, 11. *State size, color.*

39c Pair

Extra long Sheers

Specially designed to fit the taller woman . . . these fine textured, sheer rayon stockings are knit fully 3 to 4 inches longer than standard length.

Rayon Chiffons . . . . Full fashioned

92c Pair

The answer to your hosiery length problems ...flawlessly clear, leg-flattering sheers designed especially to fit long legs. Because they fit perfectly, they'll wear longer—their extra length reduces pull and garter strain.

Full fashioned. Knit in 45-gauge (or finer) for smooth, even texture. The fine quality rayon yarns are "high twisted" to give fashionable dullness, greater elasticity and strength. Double rayon tops, cotton reinforced feet for longer wear. Shipping weight, pair, 3 ounces.

Colors: beigetones, taupetones, suntones.

Sizes: 9½, 10, 10½, 11.

86 K 792—*Be sure to state size and color.*

Tiny, vertical mesh—just visible enough to give a sheer, leg-flattering effect.

"Everyday" RAYONS . . . smart, practical, budget-priced

Budget-minded women will welcome these stockings for "everyday" wear because they have a smart appearance, they withstand hard wear and they're so inexpensively priced. All are first quality, fashionably clear and dull. Circular knit, shaped to fit the average leg . . . the seam in the foot is eliminated thus giving a smooth (ridge-free) sole for greater comfort in walking or standing. Tops, heels and toes are firmly reinforced to give added protection against strain and wear. French heels, seam-effect backs and fashion marks add to their smartness.

Our lowest priced Rayons

29c Pair

Wear these service weight rayons for everyday and save your better stockings for dress. Sturdy yarns closely knit for smoothness, durability. Rayon tops; reinforced cotton heels, toes. Shpg. wt., pair, 3 oz.

Colors: beigetones, suntones, taupetones, white. *Sizes:* 8½, 9, 9½, 10, 10½.

86 K 902—*Be sure to state size and color.*

Run-resistant Rayon Mesh . . can't run down

34c Pair

The mesh stitch can't run down—that's the secret of the amazing durability of these stockings. The stitches are "locked in" so breaks caused by garter strain or knee bending will not run down the leg. Finely knit of sturdy rayon yarns, "high twisted" for greater strength, dullness, elasticity. Mercerized cotton tops, feet. Shpg. wt., 3 oz.

Colors: beigetones, suntones, taupetones.

86 K 2401—*Sizes:* 8½, 9, 9½, 10, 10½. *State size color.*

Service sheer Rayons . . smartly dull

44c Pair

For the active woman who wants a sheer looking stocking at a low price. This "everyday" service chiffon is well reinforced to take long hours of hard wear. Sturdy rayon yarns are "high twisted" to give fashionable dullness, greater elasticity and strength.

Knit in fine gauge (320-needle—the higher the needle count, the finer the stitches) resulting in a smooth, even texture. Rayon tops are strain-resistant. Toes and heels well reinforced with sturdy, soft cotton yarns. Seamless soles. Shipping wt., pair, 3 oz.

Colors: beigetones, suntones, taupetones. *Sizes:* 8½, 9, 9½, 10, 10½. Size scale at left.

86 K 2400—*Be sure to state size and color.*

How to Order Shoes under Rationing

Complete safety for your Ration Stamps

when you order your Shoes by mail from Sears

Airplane Stamps No. 1 and 2 are now in effect for Shoes

Most shoes in this catalog are Rationed and a Ration Stamp (either Airplane Stamp No. 1 or No. 2 from Ration Book No. 3) is required for each pair purchased. If you forget to attach ration stamp, we cannot send the shoes.

The government will announce new shoe ration stamps and expiration dates for others from time to time . . . keep in touch with these changes by newspaper.

You can detach stamps from Ration Book only when buying by Mail

Buying shoes from Sears is easy, because OPA permits you to detach shoe stamps from ration book when buying by mail (not when buying at retail). Send just the stamp, not the entire Ration Book.

If we cannot send the shoes you order, or if you return unworn rationed shoes to us for refund, we will send you a special shoe stamp that is good anywhere.

Be sure that stamp is attached carefully to your order blank

Do not hesitate about sending your ration stamp to Sears, because we guarantee the safety of each stamp just as we do your money. We ask only that you use special care in attaching the stamp to your order or letter. Do not send stamp loose in envelope . . . it is very small and might get lost. The best way is to fasten stamp securely in space provided for that purpose on each Sears order blank.

Other Important Facts about Shoe Rationing

Shoe stamps are interchangeable among members of a family. For example, if a husband does not need his stamp, his wife may use it; or both may use their stamps to buy shoes for the children.

Many may qualify for extra ration stamps by applying to local rationing board. Application can be made by the following:

1. Those who do not have at least two pairs of wearable or repairable shoes.
2. Essential workers such as farmers, mailmen, nurses, factory employees who need extra shoes for their work.
3. Those working in an essential industry who require steel toe safety shoes.
4. Children frequently need extra shoes and may obtain them in cases where all ration stamps in family have been used.

Rubber Work Footwear (boots, hi-cuts and work shoes made of rubber) is Rationed but may be bought only with a special certificate from your ration board. Do not send regular ration stamp.

Not all Footwear is Rationed Many types require no stamp

Shoes and slippers made of non-critical materials are Not Rationed and require no ration stamp. Following are pages showing Non-Rationed footwear:

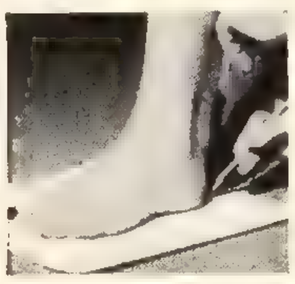
How to Measure for your Correct Shoe Size

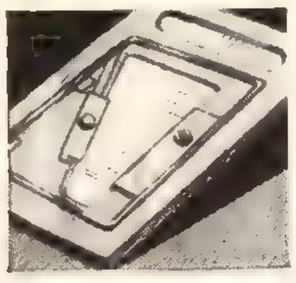
You'll be perfectly fitted if you measure first



Just follow the simple 4-Point Plan below

1 Have someone else hold a knife straight up and down at the tip of your longest toe, as shown, and then make a mark with pencil along the outside edge of the knife.

2 Move knife blade to the joint at the inside of your foot (the widest part). as shown, and then make a mark with a pencil along the outside edge of the blade.



3 Place knife blade at the back of your heel as shown above, then make another mark along outside edge of the blade. Be sure the knife is held straight up and down.

4 And last, place the knife blade at the widest part of the outside of your foot and draw a mark along the outside edge of the blade. This completes the measuring.

After completing four steps above, you have a piece of paper with four pencil marks as shown. Attach this paper to your order. It gives us your exact foot measurement.

Our expert shoe fitters place this outline of your foot in a special fitting machine which determines exact size and width needed, provided you have measured carefully.

No guesswork when you send us your exact measurements

Good fit is the basis of shoe comfort, and we guarantee you will be fitted perfectly if you follow Sears 4-point measuring plan. It's very easy; takes only a minute or two. You need only a blank piece of paper, table knife, and a sharp pencil. Measure foot which gives most trouble in fitting. Sit in a straight chair, rest stockinged foot firmly on paper while someone else takes measurements, as directed at left. **Do not stand,** as this will spread foot. Be careful not to move foot while being measured.

It is particularly important that you follow Sears 4-Point Plan when ordering children's shoes (or you may use the new measuring device described on the first children's shoe page. It's FREE).

Two other easy ways to select proper fitting shoes

1 **Tell us your present shoe size and width** if shoes you are wearing feel comfortable and you are buying the same or a similar type shoe.

2 **Tell us the numbers in lining of your most comfortable shoe.** Include all dashes, as well as all numbers, as a dash may mean a half size.

MOTHERS . . Why you should buy your Children's Shoes at Sears

because you're always sure of good wear, proper fit, value and satisfaction

For fifty years Sears have specialized in shoes for children—children of all ages, from tots to toddlers to 'teens. Men who know the growing child's foot, how to fit it properly with shoes that permit soft bones to shape the way nature intended . . . men who know leathers and tanning processes which make leathers pliable and durable . . . men who know all the angles of shoe making—they have been at our service and have helped us build this big shoe store serving millions of American children.

We at Sears are conscious of the trust placed in us by the mothers of those children. We know, too, that we could never hope to sell shoes to grown men and women unless the shoes we supplied them in their youth were well fitted, well made, economically priced and guaranteed to satisfy. We believe Sears shoes are the best children's shoes you can buy for your money—and we've been told just that, over and over again, by mothers who insist on fit above all, but who must have long wear and economy too.

BE SURE TO MEASURE

Children's feet grow very fast and need frequent checking. Below is a National Foot Health Council guide, showing age periods in which children's feet increase one full size.

Child's Age	Change in size
2 to 6 years	4 to 8 weeks
6 to 10 years	8 to 12 weeks
10 to 12 years	12 to 16 weeks
12 to 15 years	16 to 20 weeks

The above is the average but each individual child can differ. For accuracy, use Sears 4-point measuring system or send for Sears new measuring device below and we will do the rest.

CHILDREN'S NEW MEASURING DEVICE

FREE for the asking . . . very easy to use in getting exact size measurement. Simple and complete instructions for use are printed right on device. **Send for one today.** Ask for number F13818.

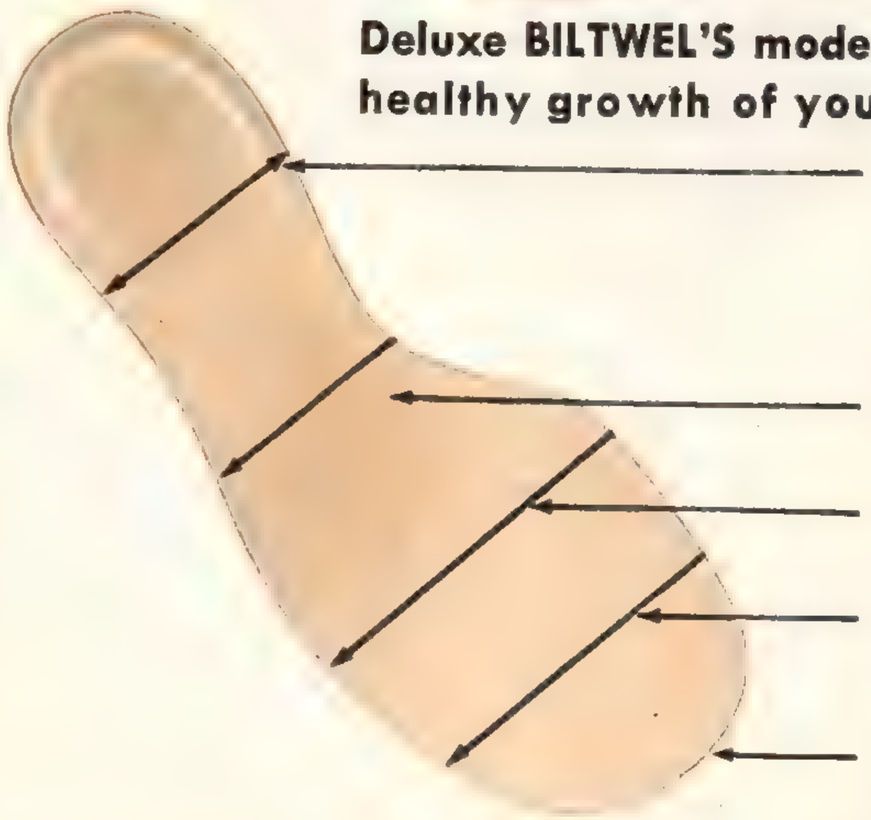
Deluxe BILTWELS have both fit and quality features equal to the finest Children's Shoes

Back seam reinforcement—guards back seam from splitting or ripping when shoe is put on.

Patterned correctly—outside of shoe is cut lower to conform to the natural bone structure of foot.

Solid leather counters—firm and shape retaining, fit ankle snugly, keep shoe from running over.

One piece quarter lining—no seams that will rip or rub and cause blisters on tender, little feet.



One piece vamp and tongue lining—no seam rubbing across ball of foot to cause blisters.

Finest type leather insoles—perfectly smooth, very flexible, bend with every foot movement.

Goodyear welt construction—the most durable and comfortable type of shoe, easy to resole.

Strong horse butt soles—one of the longest wearing sole leathers obtainable.

Deluxe BILTWEL'S modern last encourages healthy growth of your Children's Feet

Cupped heel seat—cushions heel in natural rounded form, not flat like the average shoe. Snug fitting at the heel . . . properly shaped to provide comfortable support for growing feet.

Narrow, pulled-in shank—conforms to natural shape of foot to make a correct fitting shoe.

Ample width across ball of foot—no harmful pressure, allows room for perfect circulation.

Wide width across toes—room for growth and proper development, toes can spread freely.

Short back, long front—last correctly proportioned, since the back part of a child's foot grows much slower than the front part.

Our Finest Johnson "Cushioned Comfort" Shoes

Spongy leather covered cushion helps absorb shock of every step	$7.50	$7.50	$7.95

You'll notice a difference the minute you try on a pair of our Finest Johnsons. It's like walking on a spongy air pillow. The thick heel-to-toe cushion is soft sponge rubber, covered with smooth leather. Contains almost 60% air. Not just an ordinary pad but a part of the shoe itself, built right in like an extra sole. Roomy, easy-fitting lasts are designed especially to accommodate this cushion. Cushion keeps its shape and resiliency, helps insulate your feet against both excessive summer heat and winter cold. Another feature is a steel shank which holds arch of shoe securely for gentle refreshing support. Yours for solid comfort all day long.

Sears famous WEARMASTER Work Shoes—dollar for dollar no better values for wear, comfort, personal satisfaction

WEARMASTER Work Shoes are the product of constant study through years of experience in work shoe construction. Experience that has produced a finer, better shoe at a minimum price in types or styles according to need and preference.

Since working conditions vary according to the job to be done, then so must types of work shoes vary according to the need . . . if the most service, benefit and personal satisfaction are desired.

Selecting shoes is still a matter of preference. There is no reason why a man who works inside or does a minimum of walking cannot wear a heavy-duty shoe if he so prefers. However, a lighter weight, more flexible shoe would give him more comfort and satisfaction. The reverse is true for the man who works outside or at a job requiring more protection and strength in a shoe.

Therefore, for the most satisfaction and service, select the shoe for the work you do. No matter which type of shoe you select, you can feel assured that it is the result of uniform specifications, highest standards of quality and workmanship.

Remember—dollar for dollar you cannot buy better quality, longer lasting footwear than Sears famous WEARMASTER Work Shoes.

Rubber Footwear on this page is RATIONED

Do not order until you read instructions below

Who can buy . . . how to buy. If your work requires any of the rubber footwear shown on this page, and if your work is considered essential, you can easily make application to order any item on this page. Just follow these four simple instructions:

1 . . . Go yourself, send somebody else, or write to your local ration board.

2 . . . Tell the board what kind of rubber footwear you need for your type of work.

3 . . . If your request is approved, the board will give you a ration certificate specifying one of the six types shown here. Order only the type specified on your certificate. For example, if they say you may order *type 1* that will mean *76K9484P, heavy duty hip boots.* Type 6 *means rubber shoes, etc.*

4 . . . When you receive the certificate, *endorse it on the back with your name and address* and mail it to us with your order. Show catalog number and size on order blank. *Note:* If later you wish to return this merchandise for any reason whatsoever, *before it has been worn,* we will refund your money in full and return a certificate to you.

Regulations relaxed on Lightweight Knee Boot

NOTE: "Customers are eligible for ration certificates for below-the-knee light-weight boots (*Type 4*—76 K 9424P, see directly below) if they need this protection in their work regardless of whether or not their work is deemed essential" (Ration Order 6A, Amendment 3).

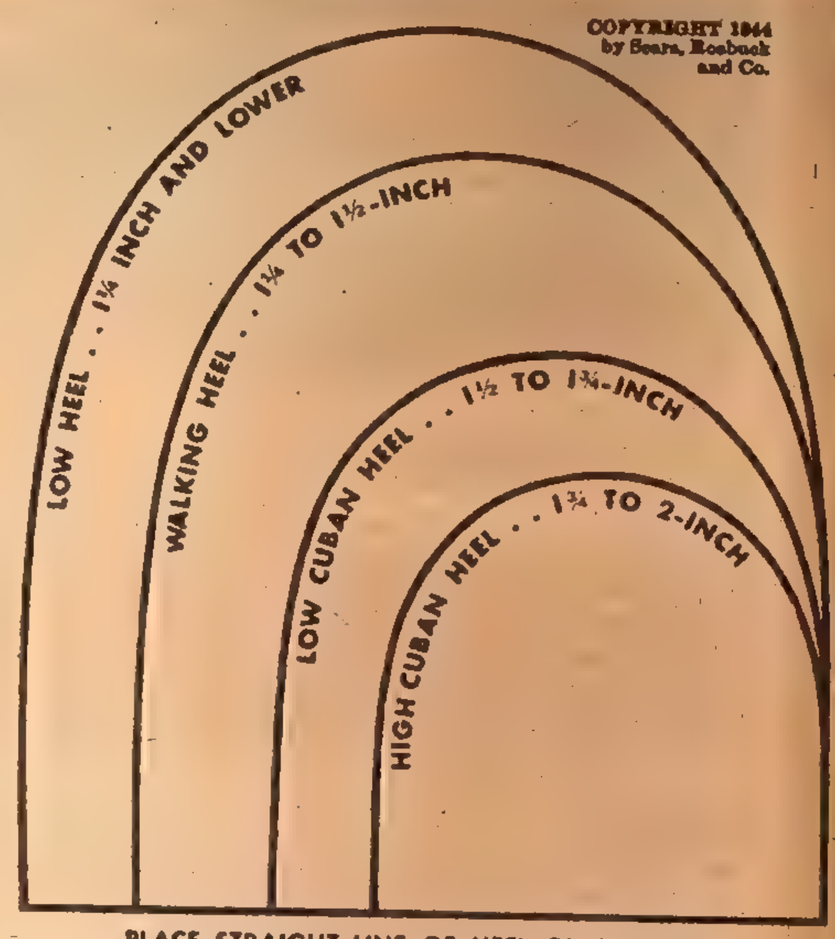
Use this chart to get correct heel style in women's gaiters

Follow these simple instructions



Place heel for shoe in lower right hand corner of chart at right. The line nearest the outside of your heel which is completely visible at all points gives you your correct heel style. For AAA, AA or A width, order same size as shoe. For B, C or D width, order half size larger. For E, EE or EEE width, order low heel only, half size larger than shoe.

If uncertain of your shoe size, trace sole and heel of shoe you want to fit. Keep pencil point as close as possible to the edge of shoe.

Your tracing will look like the one in outline. Send it with your order and we will send your order in correct size and heel height.

American "KNOW HOW" Always Wins!

Good old Yankee "Know How" makes for victories—whether it's a South Pacific island outpost or a hard-working midwest farm.

Today's farmers show war-production plant efficiency: They use every possible acre to grow essentials, first consulting their County Agent. They preserve the soil against erosion and pests; plow, and fertilize, and rotate crops correctly. Their livestock shows the result of intelligent animal husbandry. They keep farm buildings in shape, insulating, repairing leaky roofs, reinforcing foundations, restretching sagging fences. They repair and refit machinery, keeping it under cover, out of the weather because care saves wear.

They share equipment and labor with their neighbors. They contribute to important war programs: Scrap, War Bonds, essential community activities. Whatever needs doing is done . . . and done right!

Families of members of the Armed Forces Here are the facts on Dependency Benefits!

The Office of Dependency Benefits requests Sears, Roebuck and Co. to give its customers complete information on what relatives of Service personnel may expect in the way of help from the Government while the head of the family is off to war. Read this page carefully for a listing of your rights and duties concerning allotments and allowances of pay.

What is a family allowance?

A Government check sent to a soldier's dependents every month so long as he and they remain eligible. Made up of deductions from soldier's pay and Government contributions. Payable only to dependents eligible under law (Public Law 625, 77th Congress, as amended). Granted only upon application.

Who is eligible to receive it?

Class A dependents—lawful wife of soldier, his children, or former wife divorced not remarried to whom alimony still payable. Need only prove relationship.

(*A*) Lawful wife: wife living in soldier's household, also wife living separate and apart (not legally separated) or, if legally separated, under terms providing for maintenance or support. Also common-law wife if contracted in a state where such is recognized.

(*B*) Former wife divorced: only former wife not remarried and to whom alimony still payable.

(*C*) Child: soldier's legitimate child, adopted child, a stepchild if a member of the man's household, or an illegitimate child, but only if proof of paternity is submitted. Also, any child to whom he has stood in place of parent for at least one year prior to date of application. Eligible child must be unmarried, under 18 years of age, or of any age if incapable of self-support by mental, physical defect.

Class B-1 dependents—Parents, minor brothers and sisters dependent upon soldier for chief support.

(*A*) Parent: father and mother, grandfather and grandmother, stepfather and stepmother, father and mother through adoption, either of soldier or of his spouse, and persons who, for a period of not less than 1 year prior to the man's enlistment or induction, stood in place of parent to the soldier. No more than two parents eligible for allowance based on one soldier.

(*B*) Brother and sister: half blood as well as whole blood, stepbrothers and stepsisters, brothers and sisters through adoption. Eligible brother or sister must be unmarried and under 18 years of age, or of any age if incapable of self-support by mental, physical defect.

Class B dependents—Parents, brothers, sisters dependent upon soldier for substantial portion of support. Allowable only if there are NO class B-1 dependents named.

How much is paid?

CLASS A DEPENDENTS

Wife (no child)		$ 50
Wife and 1 child		80
Wife and 2 children		100
For each additional child, an additional		20
Former wife divorced	Up to	42*
Former wife divorced and 1 child	Up to	72*
Former wife divorced and 2 children	Up to	92*
For each additional child, an additional		20
Child but no wife		42
For each additional child, an additional		20

*Monthly payment to former wife divorced never exceeds $42.

CLASS B-1 DEPENDENTS

1 parent	$50
2 parents	68
1 parent and 1 brother or sister	68
2 parents and 1 brother or sister	79
1 brother or sister but no parent	42
Each additional brother, sister, additional	11

CLASS B DEPENDENTS

1 class B dependent or more than one	$37

(Flat rate, no matter how many dependents. Payable only if no family allowance payable to class B-1 dependents.)

How is application made?

Apply only on official form (WD AGO Form No. 625). Available Army reception centers, Army recruiting stations, local chapters of American Red Cross, Service Command H. Q., War Dept. Office of Dependency Benefits.

How soon is allowance payable after application filed?

For class A and Class B-1 dependents, an "Initial" payment (contributed entirely by Government) is payable for the month in which the soldier enters active duty in pay status, provided he applies within fifteen days of entry on such duty. Regular monthly payments thereafter payable from the first of the month following the month in which application was made. E. G., if soldier enters on active duty in November and applies within fifteen days, "Initial" payment for the month of November is payable as soon as his commanding officer receives his application. Regular monthly family allowance payable after end of the next month—December.

For class B dependents, no "Initial" family allowance is payable. Regular monthly family allowance is effective for month in which application is made unless an "Initial" family allowance is payable for that month to class A or class B-1 dependents. In this latter case, the regular monthly family allowance for class B dependents is payable as of month following month of application.

How should the ODB be notified of birth, marriage, or other change of status of dependents?

On Change of Status form (WD AGO Form No. 641), accompanied by necessary evidence. For example: if a child born—evidence of birth. If soldier marries—evidence of marriage. If a dependent parent added—Dependency Certificate. If dependent dies—death certificate.

Where may change of status forms be obtained?

These may be obtained from commanding officer of nearest Army post or camp, nearest Army recruiting station, local chapters of American Red Cross, commanding general of any Service Command, or Office of Dependency Benefits, Newark, N. J.

What is a voluntary Class E allotment-of-pay?

A voluntary Class E allotment-of-pay is a sum contributed entirely by Army man from own monthly pay. Possible to all Army personnel, privates to generals, either on behalf of dependents, or to insurance company for alloter's civilian life insurance premiums, or to bank for own or dependent's bank account. Voluntary allotment-of-pay may be increased, decreased, discontinued any time at Army man's or woman's request.

May soldier eligible for family allowance also authorize Class E allotment?

Yes, to provide added security.

NOTE—For information about Class E allotments-of-pay, see ODB booklet FA3, available Office of Dependency Benefits, Newark 2, N. J.

Notify the ODB and Your Local Postmaster of Any Change in Your Address

Protect Your Check!

To protect your check from loss, theft, or fraud, follow these instructions carefully;

1. Be sure your name is plainly visible on the mail box.
2. Receive the check personally from the postman every month, if possible. Ask him to signal you when he is delivering check.
3. Endorse your check in the presence of the person who cashes it for you.
4. In endorsing it, write your name exactly as it appears on the face of the check. If you endorse your check by mark, there must be two witnesses. Full addresses of these witnesses are necessary.

Always state the Soldier's Full Name and Army Serial Number when writing to the ODB.—do not write Sears

Rugged Work or Play Suits for active young Americans

Sturdy long-wearing Fabrics . . . practical styles in slow-to-soil solid colors

A grand selection of year-around "uniforms" made especially for fun-loving, hard-hitting, active American boys. So practical they're mother's favorite, too. And no wonder — all of Sears work and play clothes are made to strict specifications to provide action-free comfort . . . so strongly tailored from such sturdy, long-wearing fabrics they will take all the hard wear youngsters can give 'em, and come back for more.

Long Wearing 2.20 weight denim

$1.69

Heavy 2.20 wt. denim work suit, ruggedly built to take all the rough and tumble wear your youngster can give it. The slow-to-soil blue color is a favorite with mothers, too. Popular button front model is strongly tailored for long wear.

Seams double stitched . . . black buttons riveted on to stay . . . two roomy lower pockets and two hip pockets for your tools. Closed back style. All strain points securely bar-tacked. Allow for shrinkage.

Sizes: 6, 8, 10, 12. *State size.* See chart on opposite page. Shpg. wt., 2 lbs. 4 oz.

40 K 5520—Blue denim . . $1.69

Medium weight suntan herringbone

$1.52

Made out of the same strong, medium weight material as dad's work suit, and in the favorite neat suntan cotton herringbone pattern. Popular button front style with buttons riveted on to stay. Popular closed back style.

All the seams are double stitched, two lower front pockets and two hip pockets are bar-tacked at points of strain. The vat-dyed, washfast and sunfast tan color will be just as good looking after many washings. Allow for shrinkage.

Sizes: 6, 8, 10, 12. *State size.* See chart on opposite page. Shpg. wt., 1 lb. 10 oz.

40 K 5525—Suntan $1.52

Sanforized-Shrunk cotton suiting

HOW TO MEASURE FOR PERFECT FITTING TROUSERS

It's easy to get a perfect fit in dress trousers. Simply take the waist measurement over the waistband with your belt off. Hold tapeline snug as you desire fit. Make sure you read the tapeline correctly. Take the inseam measurement from close up in the crotch down to length desired, usually to top of heel of shoe. If possible, have someone else measure you. Or, take the measurements of an old pair of trousers that fit you satisfactorily.

Sleeves and yoke lined with lustrous rayon. Note the handy inside pocket

Important to farmers with woodlands

The paper shortage continues critical this year. At least 13,000,000 cords of domestic pulpwood will be needed again for Army, Navy, Allied and essential civilian needs. The supply may be maintained and even increased if enough material and manpower to cut it can be found by the country's pulp manufacturers. The War Production Board asks the immediate help of every man with a stand of trees.

PAPER
PACKS A WAR PUNCH

Consult your County Agricultural Agent for information on what and how much to cut and how to sell it.

Your trees may go to make the waterproof paper wrappers in which all Army Clothing and Equipment is shipped. Or they may be needed for camouflage strips and netting and parachutes. Or they may become part of the huge amounts of paper board used by the Red Cross for blood-plasma containers.

Every log may be necessary. Harvest your woodland now. Not only will you help the war effort but add to your farm income and your bond-buying power.

Careful selection of your trees is important. Do not strip the woods. Clear cutting or heavy destructive cutting destroys the stand and hurts the land. Leave younger trees of better quality and sufficient number to make a good stand. This will mean faster growth, frequent future cuttings, better trees and more money over the years. Your County Agent will show you how to have a steady income and continuous crops of timber.

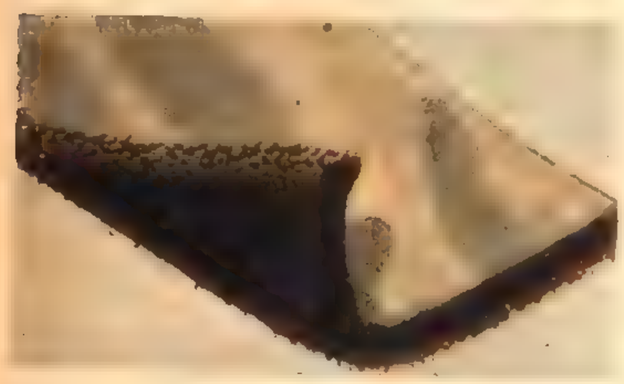
Check these points of superior construction



These garments weigh less—yet give you more warmth than almost any other Jacket or Mackinaw you've ever owned . . . because they're all wool pile lined. Wool pile anchored to a sturdy cotton back that's 40% of the total fabric.

In the armed forces, this same type of tough, heavyweight cotton poplin, with its all wool pile lining, is used to clothe our troops in cold climates. It was chosen for its extra warmth and its light weight.

Famous DuPont Zelan treated poplin, put through the amazing process that makes it resistant to moisture and soiling . . . rain, snow, spots and wrinkles—known for lasting service, Zelan treatment is so durable that after many dry cleanings it is still effective.

See the thick lining—every pile fiber is all wool to insulate you from cold and wind—and it is further strengthened by a sturdy cotton back. Really necessary for long hours outdoors, it will keep you snug and warm in the bitterest weather.

Warmth without weight! By actual laboratory tests, this all wool pile lining is warmer than heavy sheepskin lining, yet it weighs nearly 25% less—lots more comfort for you.

Famous "Force-Fused" Seams

Sears Hercules protective clothes guaranteed 100% waterproof . . . keep you absolutely dry because "Force-Fused" seams seal them just like an inner tube. Every seam is wide lapped, cemented and then fused into a single piece by the application of live steam under hundreds of pounds of pressure.

Hercules coats are made of a scientific blend of new and reclaimed black rubber on a strong cotton fabric, in full accordance with new government regulations. They are chemically treated to retard ageing, peeling or cracking and to stand up under the most severe types of weather and treatment.

STURDY OAK Knit Work Shirts

Our own Trade Mark

Heavy Fabric
Is hefty and long wearing, has lots of body to it. Just the thing you need for day-to-day wear on tough jobs.

Stretchy stitch
Hugs body lines, yet gives easily when you twist and turn . . . plenty of comfort because they never bind.

Soft, absorbent cotton needs no ironing

$1.69

Not an ordinary Tee shirt . . . but a new kind, knit in a firm, tight stitch that's packed with wear. More than that, it won't snag easily on the job. A little dressier, too, because of the neat ribbed pattern knit right in the fabric. Good quality cotton soaks up perspiration, dries out in a jiffy . . . and the dark plain colors look well, don't show soil easily. Practical tailoring includes a comfortable round neck, long sleeves that protect your arms at work, ribbed cuffs that fit snugly, keep your wrists warm and comfortable. Shoulder seams sewn firmly to resist fraying, bottom neatly hemmed for better appearance. Heavy weight. Wash separately.

Sizes: small (34-36-inch chest); medium (38-40); large (42-44). Be sure to measure your chest over your undershirt for a perfect fit. Shipping weight, 11 ounces. *State size wanted.*

Trappers!

Top Prices for your Furs—plus $7590 in Cash Awards in Sears 16th National Fur Show

When you ship your furs to Sears, your pelts are carefully graded by experts who are especially trained in handling the furs from your section of the country. What's more—your shipment is handled and marketed in a way that we believe nets you the highest prices—and a check for the full amount obtained for your furs is mailed to you promptly. That's why hundreds of thousands of satisfied shippers, from coast to coast, continue—year after year—to entrust the marketing of their furs to Sears Raw Fur Marketing Service.

Ship your furs to Sears for Bigger Fur Profits

Because Sears have found that properly handled pelts bring the trapper consistently higher prices, we are trying to help all of our shippers improve the quality of their pelts. To encourage greater care in pelt handling, Sears are offering $7590.00 in cash awards to fur shippers during the period of the 16th National Fur Show—in addition to the high prices which Sears obtain for you on the pelts themselves! There are 942 cash awards in all—the first award is $1000.00!

Sears free booklet "Tips to Trappers" gives you many new trapping ideas—tells you how to handle your pelts so that they bring you more money—gives full details about the big Cash Awards. Write Sears-Roebuck for your free copy now!

ROYAL ASCOT Hats . . . fine fur felts, expertly finished

OUR OWN TRADE MARK

Much of the finishing work on these hats is done by hand . . . all the small details show the mark of craftsmen raised in the traditions of fine hat making. Linings are gleaming rayon satin; even sweatbands are superior quality—attached by a special process called "reeding" that holds them away from the hat, guards against perspiration stains.

$6.95 ROYAL ASCOT HATS are soft and supple, contain muskrat, one of the premium furs on today's market. Of course, they take and hold any shape.

$8.50 ROYAL ASCOT HATS are luxurious to the touch, rich and mellow to the eye. Naturally, they're the best looking, longest wearing of all our hats.

2¾-inch brim with under welt

NOBILITY Brand Flannel Robes . . . 100% Virgin Wool Worsted

Fabrics are warm, soft and luxurious. Full length wrap models . . . each boxed

Medium weight . . . rich plain colors

$14.48

"Worsted" means only the longest, strongest strands of wool are used in this robe . . . a premium quality with all the warmth of ordinary wool, but lighter in weight, richer to feel. Still, the fabric has plenty of body to it, drapes smoothly, fits trimly. Shawl collar is wide and sweeping, fits without gaping. Matching sash kept in place by side loops so it won't slip down. Two-button trim on cuffs. Inside seams reinforced for longer wear. Shipping weight, each, 2 pounds 4 ounces.

Sizes: small (33 to 37-inch chest measure); medium (38 to 42); large (43 to 46). See "How to Measure" on page 443. *State size wanted.*

33 K 1905—Navy blue 33 K 1906—Maroon

Medium heavy . . . soft plaid pattern

$16.75

The pattern's the thing that strikes you first when you look at this robe . . . it's a soft plaid design that seems to add depth to the rich fabric, makes this one of the best looking robes we've ever seen. Fabric is warmer because it's medium heavyweight — still not so heavy it feels bulky. Shawl collar is double thick, keeps your chest warmer, fits without gaping. Matching sash kept in place by side loops. Smart two-button trim on cuffs. Seams reinforced for added strength.

Sizes: small (33 to 37-inch chest); medium (38 to 42); large (43 to 46). See "How to Measure" on page 443. Shipping weight, each, 3 pounds.

33 K 1937—Tan combination only. *State size wanted.*

Heavyweight . . . deep plain colors

$19.95

We wish you could run your fingers over this fabric, crush it in your hands . . . you'd marvel at the firm, hefty feel of the heavy cloth, really appreciate the "sueded" finish that's so much finer, so much softer than ordinary flannel. Tailoring is as fine as the fabric . . . includes a sweeping shawl collar that's double thick for more warmth, smart two-button trim on cuffs. Wide matching sash kept in place by side loops. One pocket. Harmonizing cord trim on collar. Inside seams reinforced.

Sizes: small (33 to 37-inch chest); medium (38 to 42); large (43 to 46). See "How to Measure" on page 443. *State size.* Shpg. wt., each, 3 lb. 4 oz.

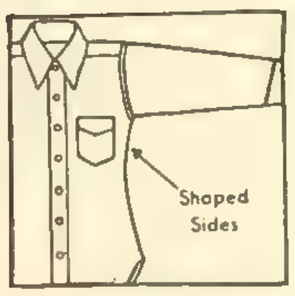
ROYAL ASCOT dress shirts



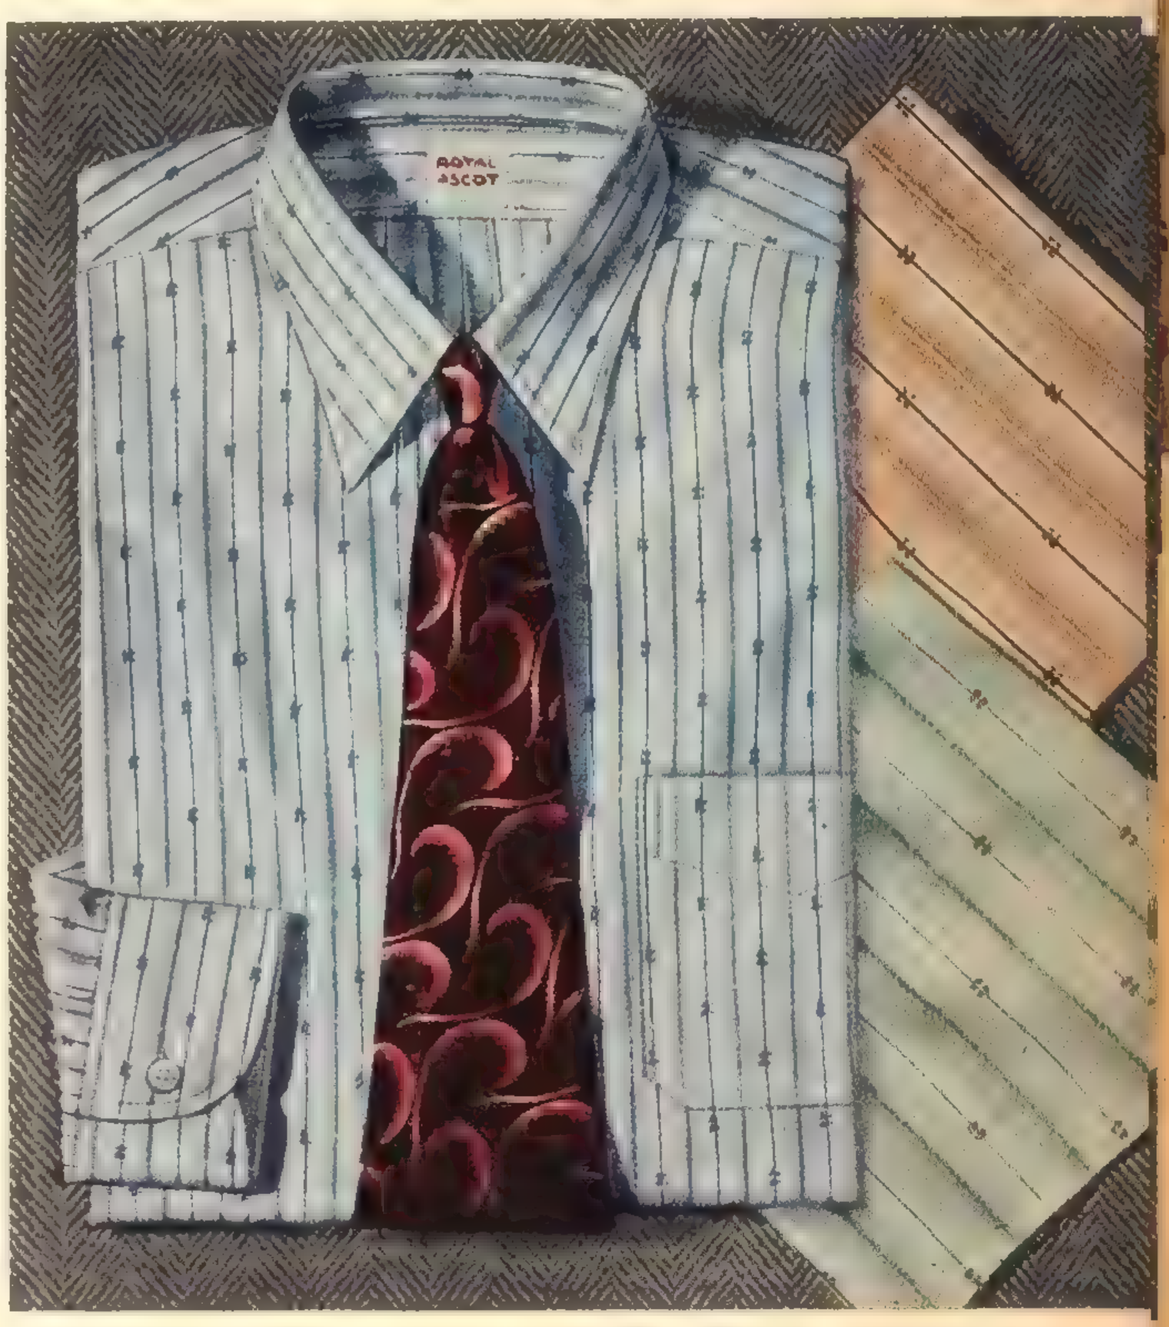
OUR OWN TRADE MARK

Sanforized broadcloths

or a pre-shrunk rayon

Each $1.94 2 for $3.77

All tailored with shaped bodies



Famous shaped body—gives you a much better fit because the curved sides hug your body lines . . . don't hang straight down like ordinary, baggy shirts. Result is less bulkiness, a real "form-fit."

Our most famous brand, long known for firm, better looking fabrics. This season Royal Ascot offers two smart looking cotton broadcloths and a lustrous rayon crepe. The cotton fabrics are Sanforized-shrunk so they won't shrink over 1%, the rayon is preshrunk (maximum fabric shrinkage 3%). All colors are washfast. Collars are all stitched especially closely for added neatness, backs and sleeves are gathered for more comfort at these important points.

Ties on this page were especially selected to go with the shirts . . . the color of each tie harmonizes with its shirt "Color-mate" to make a perfect ensemble.

NOBILITY Dress Shirts

OUR OWN TRADE MARK

Our very finest quality

Superb combed cottons or lustrous part rayons . . . *All* Sanforized, *All* Tailored with shaped Bodies, plus sloped Shoulders

Cotton $2.69 Each 2 for $5.29 — 70% Rayon $2.98 Each 2 for $5.89

Presenting Sears six finest dress shirts—two are the new and revolutionary "Austinized" fabric . . . 70% spun rayon, stabilized with 30% cotton in a way that permits the cloth to be Sanforized and vat-dyed—a fabric that has all the luster of fine rayon, yet washes and irons as easily as cotton.

The other four shirts are highly mercerized cottons, woven of yarns that have been *combed* to remove all short, weak fibers.

Whichever you choose — cotton or rayon — *all* Nobility fabrics are washfast, none will shrink over 1%. *All* are designed with a smart, smooth French front. *All* are tailored in Troy, for years a center of precision cutting, finer needling. Buttons are lustrous ocean pearl . . . detailing includes carefully gathered backs and sleeves, close, even stitching.

Woven-through stripes on cotton broadcloth . . . non-wilt collar needs no starch to look neat all day long.

Nobility gives you a perfect fit . . here's why

ORDINARY SHIRT NOBILITY SHIRT

Shaped body is cut in at sides to conform to your body lines . . . doesn't hang straight down like ordinary shirts. Result is no conspicuous shirt bulge just above your waist line, no uncomfortable feeling under your arms.

Sloped shoulders have sleeves that are put in at a slant so they hang down at the sides the natural way—don't stick out straight like a scare-crow. Result is less strain at the shoulder point, a natural action you can't get in ordinary shirts.

State both neck size and sleeve length wanted

These fine ties and shirts are "Color-mates"

Notice, on these pages, how well the patterned ties harmonize with the shirts . . . how the color tones of the shirts are picked up and repeated in the patterned ties? This is no accident! You wear your shirts and tie together—so we selected them together . . . real "Color-mates," each tie for a particular shirt . . . you'll find nothing smarter or in better taste in the most exclusive shop.

Woven-through stripes on cotton broadcloth . . . non-wilt collar needs no starch to stay neat.

Warm Parkas that defy wind and weather...styled for your comfort

The All-purpose Jackets with the face fitting hoods . . . practical for every winter sport

Fully reversible. One side, tan gabardine water repellent shell; other side scarlet red, warm fleece. Easy glide zipper fly front.

Reversible, mountain cloth Parka

$14.60

- Completely reversible. Outer shell, 9-oz. tan water repellent mountain cloth (extra tough cotton gabardine).
- Other side, Scarlet red fleece—50% wool and 50% rayon. Comfortably warm.
- Button-on detachable hood. Lace adjustment for face fitting comfort.
- Smooth sliding zipper fly front.

When you're wearing one of these all-purpose reversible Parkas—no rain, wind or snow can touch you. That means you can enjoy every outdoor sport, no matter what the weather because you're dressed for it. Really two parkas in one—wear it tan side out or red fleece side out—you always have a contrasting jacket.

Hood covers neck and ears comfortably . . . easily detached in mild weather. Reversible tan and red belt. 2 slash pockets on each side. Length, 32 inches.

Chest sizes: 36, 38, 40, 42, 44, 46-in. *State size wanted.* See "How to measure" below.

◆6 K 8224Y—Shpg. wt., 4 lbs. 6 oz. Each $14.60

Deep, warm wool pile lining to edge of coat. Despite its great warmth, you'll be amazed when you discover its light weight.

Arctic type wool-pile lined Parka

$21.95

- Famous DuPont "Zelan" treated cotton poplin. Makes garment water, snow, repellent.
- Detachable face fitting hood attached with draw string for adjustment to size.
- Heavy, deep, warm pile lining to edge, (50% Mohair and 50% reprocessed wool on strong cotton back that is 48% of the whole lining).
- Sleeves lined with warm wool.

Arctic-type Parka, something like the garment worn by the eskimos to keep them warm in sub-zero weather. But these Parkas do more than protect you against cold weather. They give you style with warmth, action without bulk. Wool-lined face-fit hood keeps your head and neck warm.

Spacious slash pockets. Adjustable storm tabs on sleeves. Button fly front. You couldn't have anything better for outdoor sports. Camel tan color parka. Length, 32 inches.

Chest sizes: 36, 38, 40, 42, 44, 46 inches. *State chest size.* See "How to measure" below.

Boeing Flying Fortress Bomber Model

32-inch wing span. This is America's pride of the Air Force that is helping blast Berlin off the map. She's a four-motored job with a cruising range well over 2,500 miles and doing her bit every day to make the enemy duck for cover. The Flying Fortress carries the heaviest fire power of any plane in the world. Because her protective armor is so strong, she can sacrifice speed for bombing accuracy. This makes her ideal for daylight precision bombing. Detailed scale plans to size. Shipping weight, 12 ounces.

HOW TO MEASURE RIMS

When ordering rims, state size stamped on sidewall of tire. If size marks are worn off, measure rim diameter from outside edge to outside edge as shown above. **Important.** Do not confuse rims for balloon tires, single-tube tires and lightweight tires. They are not interchangeable. **Note:** If rim you need is not shown, measure old rim and give type. Allow 20 days for handling.

Rear Wheel Service

We can rebuild any rear wheel that takes a balloon or lightweight tire on standard 36-hole brake shell. Wheels are properly balanced on precision machines with spokes installed at proper tension. Disconnect all spokes from coaster brake shell, remove all inside parts and axle and send us the shell only of brake. Mail it parcel post prepaid. (See "How to Return Goods" on page 898.) Rims described at left. Spokes used are rust resistant, black enameled nipples. *Be sure to state type of rim and size wanted when ordering.* (See "How to measure Rims" at left). The cost of a rear wheel for balloon or lightweight tire is $2.25 each, old brake shell included. Shipping weight, each, 6 lbs.

Single-Spring

No. 1 Each 25c No. 1 Dozen $2.57

[E] Because this trap has tremendous holding power in its lightning-quick, tempered steel spring, it is the favorite of professionals and amateurs. Catches and holds firmly, most fur bearing and verminous animals. Trap works well on land and water. Steel link chain attached. Low, flat style . . . easily concealed. Standard model . . . for general trapping. *Size: No. 1;* jaw spread, 4 inches. Recommended for rats, weasels. Shpg. wt., each, 14 oz.; dozen, 8 lbs. *No. 1½,* jaw spread 4¾-in. Jump Traps

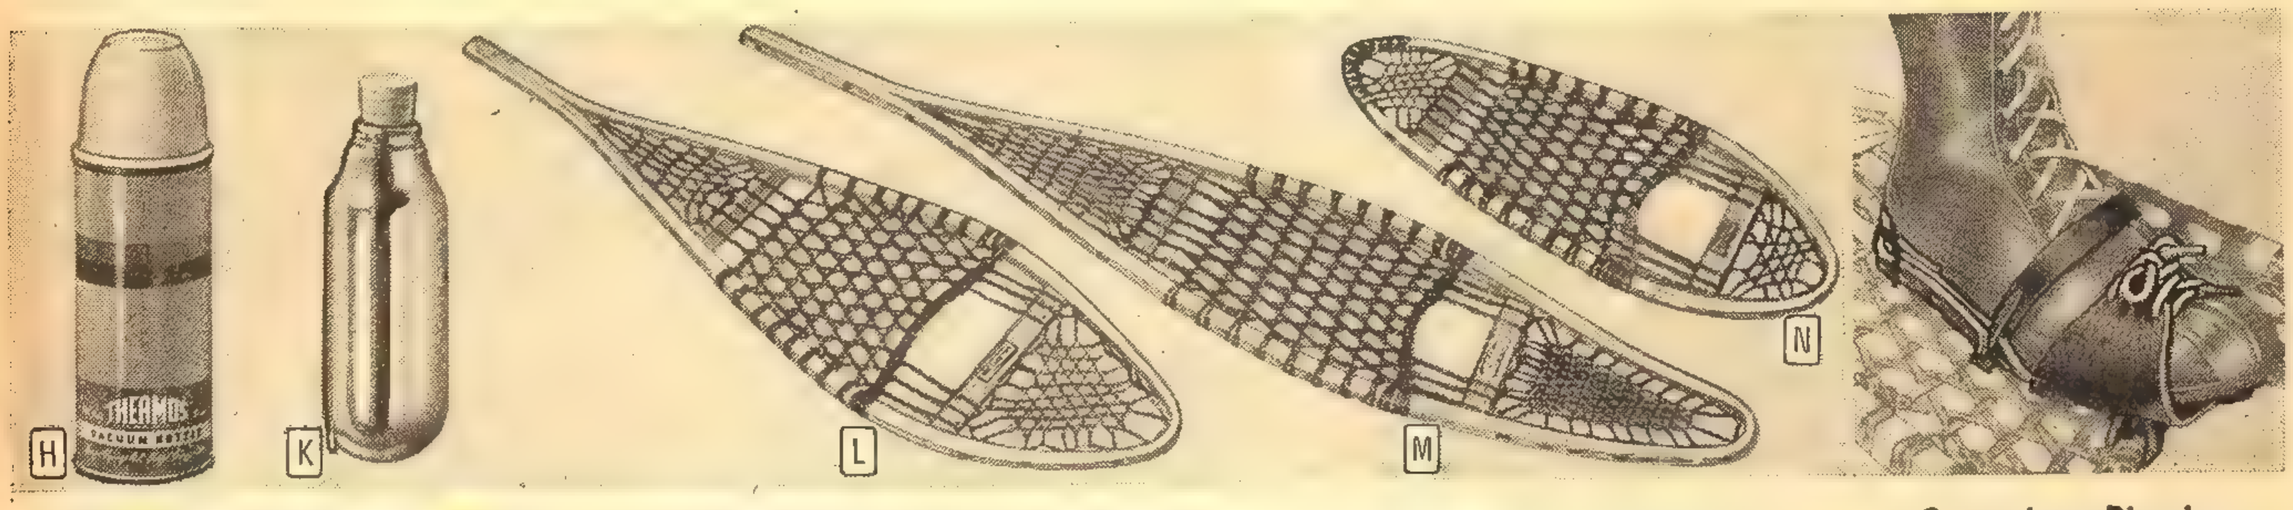
Each 29c Dozen $2.92

[F] Jump traps are among the most popular of all traps, particularly with professional trappers and with good reason. They are compact, have terrific holding power, yet are unusually light in weight. This means you can carry more traps at one time. Underspring exerts pressure equally on both ends of jaws. Trap leaps from ground when sprung, securing tight hold high on the animal. That means fewer pelt losses and more fur profits. Working parts will not clog or freeze in water or on land. This is important to professional trappers. Extra wide jaws. Perfectly balanced pan. No. 1 jaw spread 4⅝ inches for muskrat, mink, skunk, etc. Shpg. wt., each, 12 oz.; dozen, 8 lbs.



6 K 0523—Each 29c Dozen $2.92

Stop-loss Trap

Each 38c Dozen $3.89

[G] Single-spring type with stop-loss feature and unique delayed action plate. Cuts out losses by practically eliminating pull-outs, wring-offs, and gnawoffs. After trap is sprung, special plate releases guard, which holds animal in prone position. Strong, tempered steel spring works lightning fast. Once anything gets caught in this trap, no amount of struggling can loosen hold. We particularly recommend this trap to professional trappers who appreciate the better features. Working parts can't clog or freeze. Hardened steel 4-inch jaws, snap shut lightning fast. 13-inch steel chain attached. Works equally well on land or under water. Shpg. wt., each, 1 lb. 2 oz.; dozen, 11 lbs.

6 K 0508—Each 38c Dozen $3.89

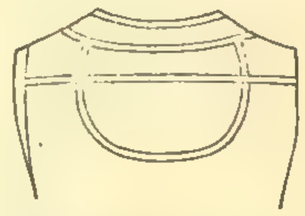
Pilgrim part wool Union Suits for men . . . stretchy rib knit Medium and heavy weights

Union suit (A) shown directly at the left is firmly knit in springy rib stitch that makes it fit snugly without bunching up or binding. Stretches easily with every body movement yet holds its shape well. Read more about it below.

Heavyweight 25% virgin wool; 75% cotton

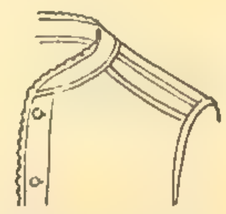
Each $2.33 3 for $6.92

[A] 25% soft, absorbent virgin wool yarns for warmth; 75% fine cotton adds durability and smoothness to these heavy weight union suits. Fine Pilgrim tailoring includes military set-in shoulders that won't sag or bind; strong flat locked seams; reinforced button and buttonhole panels; roomy, 1-button flap seat; close ribbed cuffs and anklets won't ride up; tubular knit collar fits closely. Shipping weight, each, 1 lb. 10 oz. *Color:* gray.



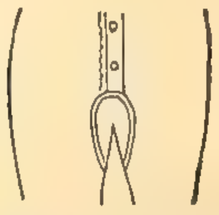
Sizes: 36, 38, 40, 42, 44, 46, 48, 50-inch chest. *State size.*

16 K 5972—Long sleeve, ankle length. How to measure, page 480.



16 K 5973—Short sleeve, ankle length. How to measure, page 480.

Pilgrim NOBILITY . . . our best 25% wool Suits . . . 2 weights



Spring needle rib knit in extra fine gauge for a tight ribbed fabric that stretches easily, never loses its shape or fine fit. Yarns are all strong and long fibered; this makes the fabric extra soft, absorbent, comfortable.

Tapered shoulder cross yoke improves fit in shoulder area, guards against collar gaping at back, adds to comfort, long wear.

Set-in military shoulders won't sag, bind or pull out of shape. Sleeves are set in; won't bind or bunch up under your arms.

Specially constructed crotch is made with an insert that gives "no-bind" comfort, satisfactory fit and adds strength.

WARM . . . medium weight . . . 25% virgin wool

Each $3.45

[B] 25% virgin wool and 75% fine, soft cotton . . . our lightest weight Nobility winter union suits that are also popular for three-season wear. Expert tailoring features above plus smooth, flatlocked seams that won't chafe; reinforcing down the front closure; hemmed, one-button flap seat; close ribbed anklets and cuffs fit snugly. Shipping weight, each, 1 lb. 1 oz. *Color:* gray random.

Sizes: 36, 38, 40, 42, 44, 46-inch chest. *State size.*

16 K 5942—Long sleeve, ankle length style.

16 K 5943—Short sleeve, ankle length style.

WARMER . . . heavyweight . . . 25% virgin wool

Each $3.52

[B] Warmer, more absorbent than suit above because heavier yarns are used, yet there is no bulk or feeling of the extra weight. 25% virgin wool, 75% fine cotton is knit in a resilient springneedle stitch (explained above) that makes the suit conform to your body. Finely tailored with all the Nobility features above; also strong, smooth flatlocked seams; reinforced front closure; one-button flap seat is hemmed to lie flat. Ribbed cuffs, anklets. Shipping weight, each, 1 lb. 5 oz.

Color: tan random. *Sizes:* 36, 38, 40, 42, 44, 46-inch chest.

16 K 5889—Long sleeve, ankle length style. *State size wanted.*

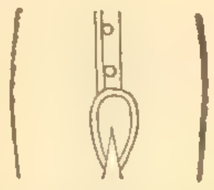
Pilgrim Wool and part wool rib knit Union Suits for men
Extra, extra heavy weight



Wool yarns in these union suits are spun by a process that "fluffs up" the fibers to form a thicker, softer insulating layer than ordinary wool. Highly absorbent, too, they will keep you dry as well as comfortably warm.

Springneedle rib knit for elasticity and strength; more yarn and "stretch" than in ordinary suits of the same weight.

Military set-in shoulders won't sag, bind or pull out of shape. Collarette neck fits smoothly, lies flat, doesn't gap.

Set-in gusset in legs and crotch increase wear-resistance and give greater comfort. All seams are smooth to avoid chafing.

25% fine wool, 75% sturdy cotton

Each $2.63

[A] Features above, plus reinforcing down front closure; ribbed cuffs and anklets fit snugly. Convenient, one-button flap seat. 25% soft, fine wool, 75% firm cotton, always a good combination for warmth and long wear. Long sleeves, ankle length. Shipping wt., each, 2 lbs. 2 oz. *Color:* natural gray. *State size wanted.*
16 K 5924—*Sizes:* 36, 38, 40, 42, 44, 46, 48, 50-inch chest.

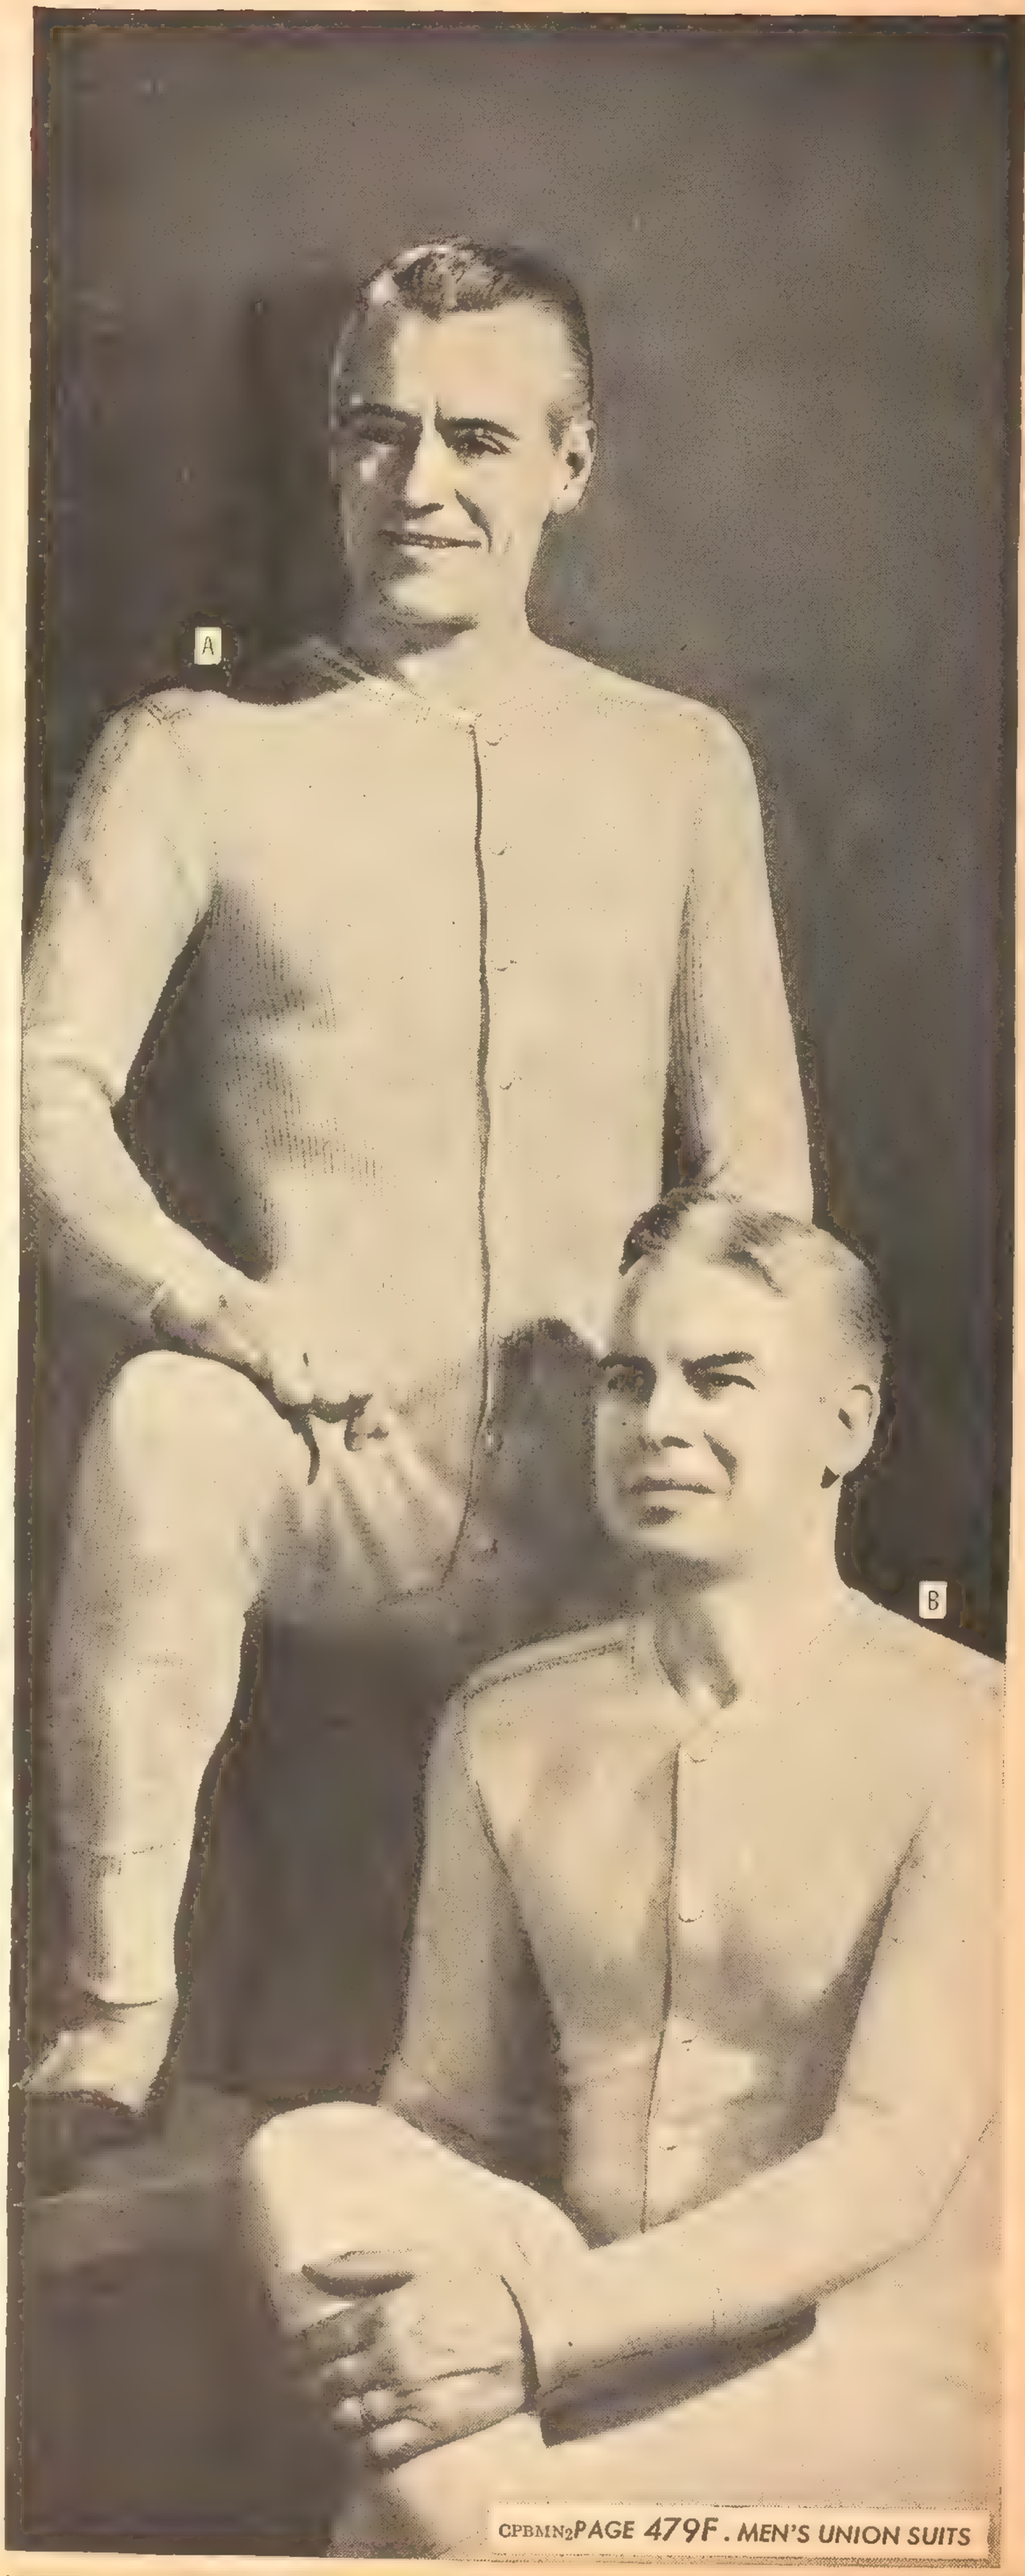
50% Wool . . . For average or short-stout men

Each $4.09

[A] "In a class by itself" . . . famous for years as one of the finest 50% wool-spun union suits made. Knit of 50% wool, 50% fine cotton yarns, and has all the features described above. Ribbed anklets, cuffs. One-button flap seat. Long sleeves, ankle length. Shipping wt., each, 2 lbs. 2 oz. *Color:* natural gray. *State size.*
16 K 5949—*Average sizes:* 36, 38, 40, 42, 44, 46, 48, 50-inch chest.
16 K 5947—*Short-stout sizes:* 38, 40, 42, 44, 46, 48, 50-inch chest.
Made with extra full trunk and shorter than average sleeves, legs.

All new wool . . . warmest suit of the three

Each $5.83



[A] One of the warmest, most comfortable rib knit suits you can buy . . . knit entirely of thick, soft wool-spun yarns. Shuts out the cold and holds heat inside where you want it. Has all tailoring features above, and fabric reinforced button and button hole panels; ribbed cuffs and anklets that won't ride up; one-button flap seat. Shpg. wt., each, 2 lbs. 2 oz. *Color:* natural gray.
Sizes: 36, 38, 40, 42, 44, 46, 48, 50-inch chest.

Wool and part wool Union Suits
Flat knit, extra heavy weight

Loose-fitting and heavy . . . our warmest flat knit union suits. The wool yarns are spun by a process that "fluffs up" the fibers to form a thicker, softer insulating layer than ordinary wool yarns; holds heat in, keeps cold out.

Beautiful Books for your home

Receive America's outstanding new books, in exclusive harmonized bindings . . . by joining

Sears Peoples Book Club

This is your invitation to become a member of Sears Peoples Book Club. Membership will bring you many of the best of America's current $2.50 to $4.00 books for only $1.66 each—and you will receive additional books without extra charge as gifts from the Club.

The actual saving over regular publishers' edition prices is tremendous. But of equal importance are the appearance and quality of the books you will receive.

A special printing of each Club offering is made for our membership, in a distinctive and exclusive Club binding. The striking beauty of these harmonized bindings is apparent in the illustration above. A matched library effect has been carefully retained, while a charming decorative note is gained through the subtle variation of color in each book.

You may well take pride in having these books in your home. Each new selection is made from among the top best-sellers of the nation, chosen for reader interest and lasting value. They will be the important new books you want to read and will *enjoy* reading. And they will form the basis of a constantly growing library of worthwhile modern literature.

Join now. A complete explanation of the Club plan and our special gift-book enrollment offer is given on the three following pages, together with an enrollment card for your convenience. Satisfaction is guaranteed or your money back.

Peoples Book Club membership brings you bargains in fine books

Members who accepted all the books shown above actually paid for only eight. Under the Club plan three volumes were sent as gift books without extra charge of any kind. At the members' price of $1.66 each, total payments amounted to only $13.28 over a period of nearly a year. These eleven books would cost $33.75 in the regular publishers' editions. This is typical of the economy of Peoples Book Club membership.

SEARS

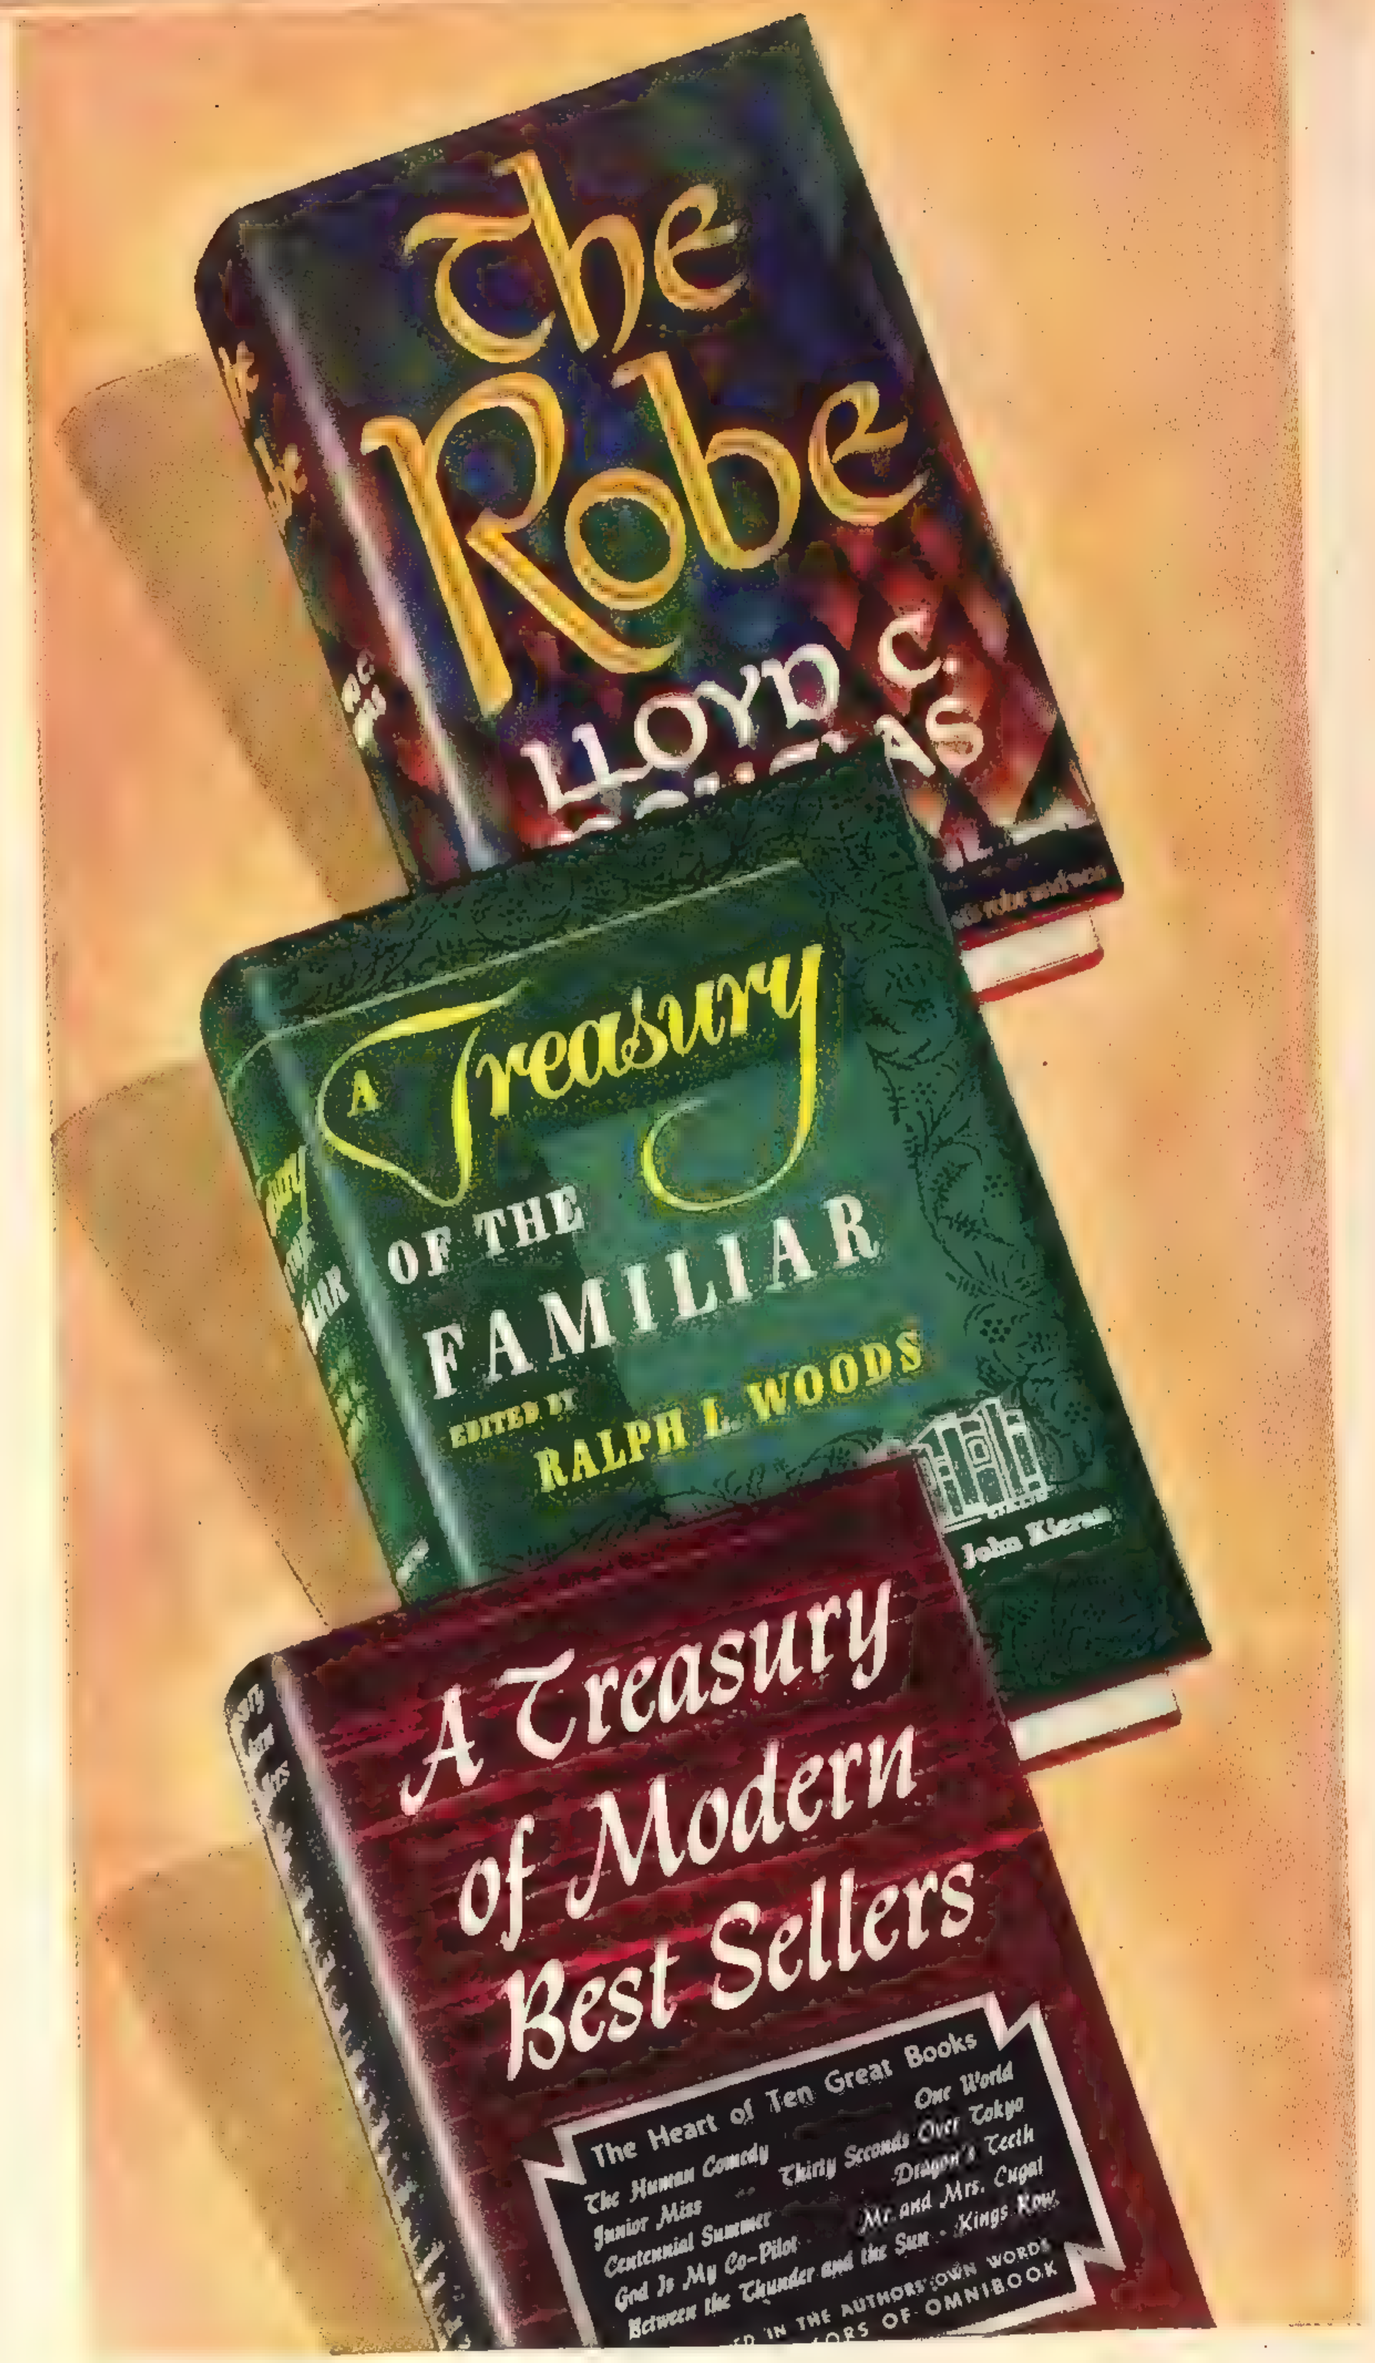
Peoples Book Club

Special enrollment offer to new members

TWO outstanding best-sellers for only $1.66

(Total value of both books of your choice, $5.25 to $8.00 at list prices of regular publishers' editions)

On these two pages are pictured nine of the important books which are currently available through Sears Peoples Book Club. They are examples of the absorbing and informative best-sellers of fiction and non-fiction which you may expect as a member. If you join now you may have TWO of these books for only $1.66. One is an outright gift to you as a new member; the other is your first Club purchase.



As your enrollment gift you may choose any one of the three current gift books shown on this page. As your first Club selection you may have any one of the six great Club selections on the opposite page. You receive TWO books, but pay for only ONE—at the set membership price of $1.66. Depending on which two books you select, the total value in the regular publishers' editions is from $5.25 to $8.00—a tremendous saving to start your membership.

The only requirement of membership is that you agree to purchase at least four of the Club selections offered during the coming year, at $1.66 each. We will send advance notice of each book and you are free to accept or reject any selection.

Additional gift books

With every fourth book purchased from the Club we will send an additional book without extra charge as an outright gift, equal in character to the three gift books shown here, and selling for $2.50 to $5.00 at publishers' list prices. These gift books—one when you join, and one with every fourth book purchased—are splendid dividends in reading pleasure.

For any American family, membership in Sears Peoples Book Club will prove a great convenience as well as an extraordinary bargain. Without effort on your part many of the best and most enjoyable of the new books are delivered to your door—and there is a big saving on every book. Read on the following pages how books are chosen, and full instructions for joining the Club.

Choose one of these as your gift

This book comes to you as the Club's enrollment gift to new members

THE ROBE, by Lloyd C. Douglas (Publisher's list price $2.75) For almost two years a top best seller! The powerful story of the young Roman soldier who won Christ's robe at the foot of the Cross; of his search through the Holy Land for the secret of its power; and of his poignant love for the girl who finally shared his fate.

A TREASURY OF THE FAMILIAR. (Publisher's list price $5.00) 750 pages packed with more than five hundred of America's favorite verses, songs, ditties, speeches, quotations and literary gems—things you have read or heard ever since you could remember. The perfect bedside and fireside companion—a book for the entire family.

A TREASURY OF MODERN BEST SELLERS. (Publisher's list price $3.50) Full-bodied abridgements of ten of the most widely discussed books of our time, carefully selected from hundreds of best sellers which have appeared in Omnibook magazine. The book contains a total of approximately 300,000 words—640 pages of reading enjoyment.

...and choose one of these as your first Club selection

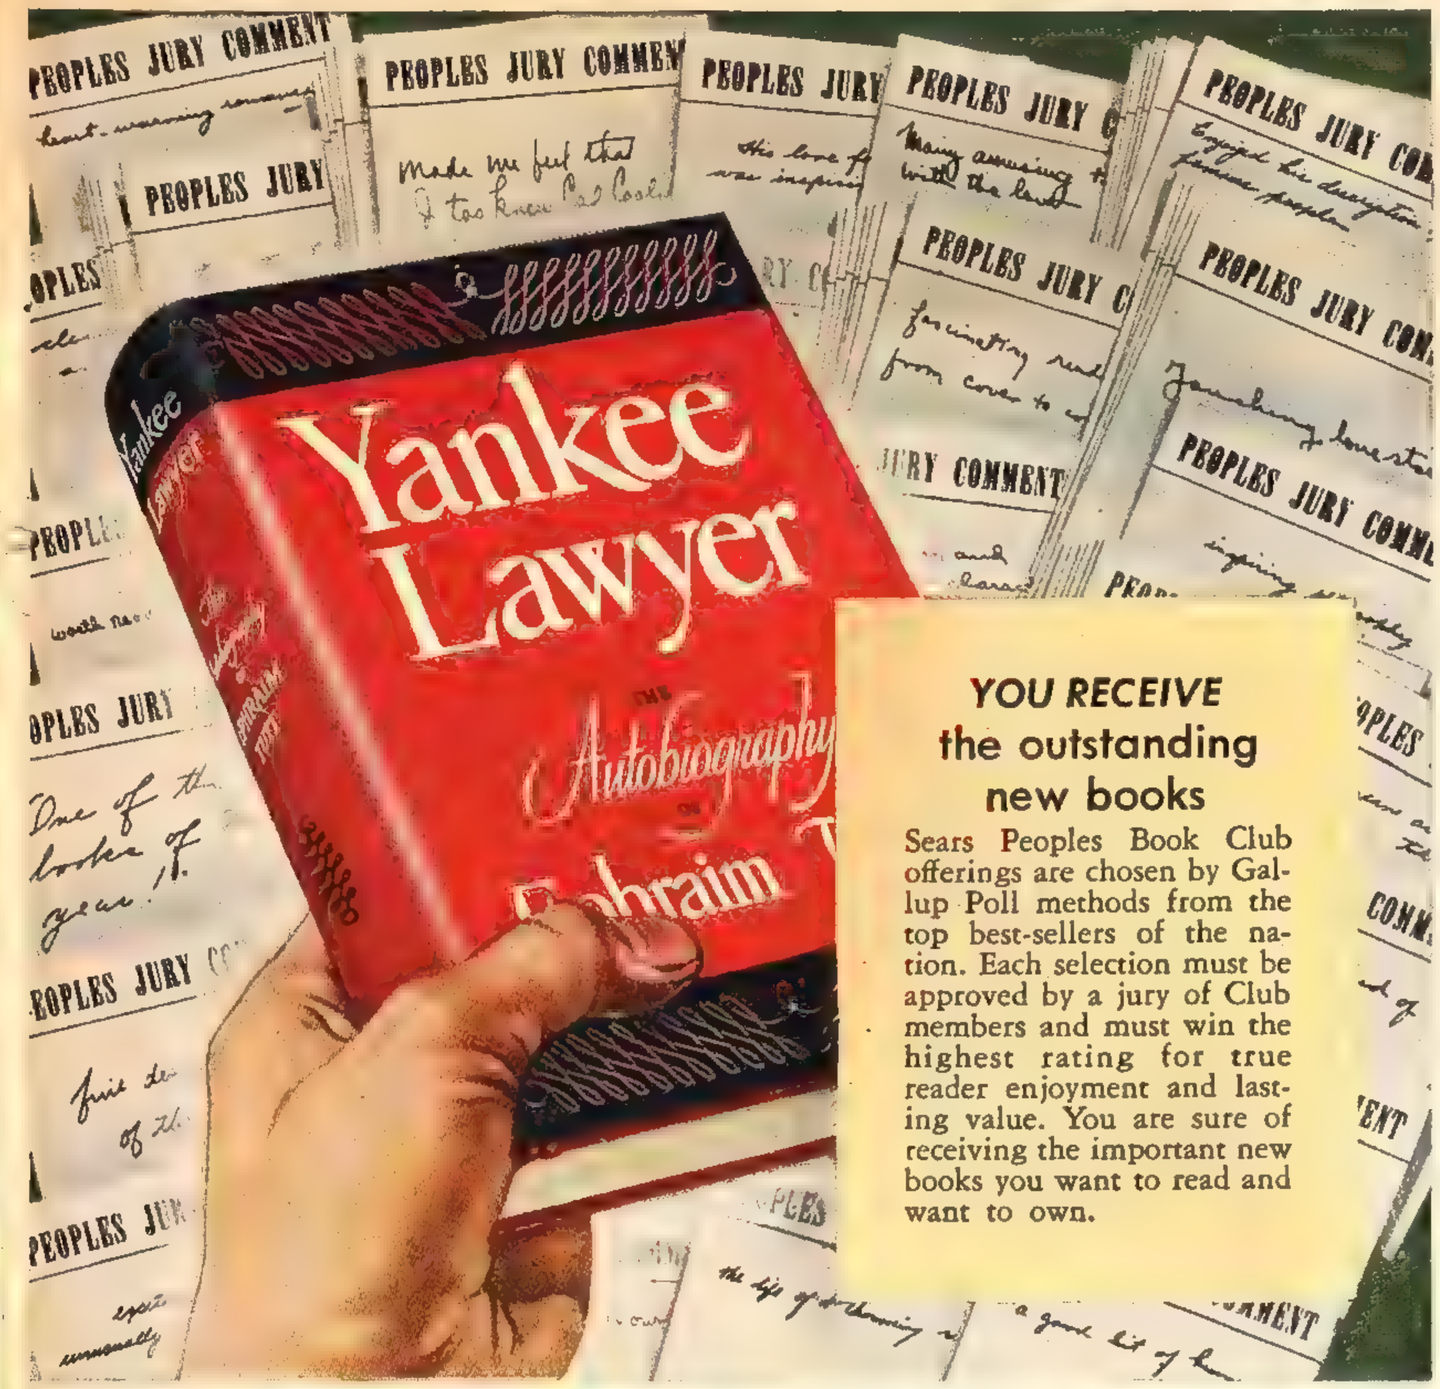
You pay only the low membership price of $1.66 — and receive BOTH books

JOURNEY IN THE DARK, by Martin Flavin. (Publisher's list price $2.75) Harper's distinguished prize-winning novel about Sam Braden, an average American. Born on the wrong side of the tracks, Sam fought his way up to success, only to discover that one may be very rich and yet very poor indeed in the values that bring real and lasting happiness.

TOMORROW IS FOREVER, by Gwen Bristow. (Publisher's list price $2.50) The tender, swiftly-moving story of a woman whose first husband, reported killed in World War I, returns to give her courage to send her young son into World War II. The wisdom and understanding which he imparts to her, and to her son, provide answers to many questions that everyone is asking today.

BURMA SURGEON, by Gordon H. Seagrave. (Publisher's list price $3.00) The fascinating adventures of a dauntless American doctor who performed medical miracles in the jungle, fought the Japs, and followed General Stilwell into India. An outstanding best seller, and a book that will make you proud you are an American!

HERE IS YOUR WAR, by Ernie Pyle. (Publisher's list price $3.00) This is a book about the gallant, unpretentious, wise-cracking American boys who are fighting our war on foreign soil—what they eat, where they sleep, what they talk about, how they work and play and fight—reported sincerely and affectionately by the favorite newspaper correspondent of millions of readers.



ROUGHLY SPEAKING. (Publisher's list price $2.50) Louise Randall Pierson's candid and hilarious account of her unconventional life and family—and the amazing series of difficulties, careers, escapades and adventures which marked their path.

YANKEE LAWYER (Publisher's list price $3 50) In this highly entertaining fictional autobiography the genial Ephraim Tutt is endowed with reality. A poor country boy, he gains success and fame as a champion of those in need of justice, and finds in his strange love for Esther Farr the greatest influence of his life.

A Gift Book when you join . . . A Gift Book with every fourth purchase

YOU RECEIVE the outstanding new books

Sears Peoples Book Club offerings are chosen by Gallup Poll methods from the top best-sellers of the nation. Each selection must be approved by a jury of Club members and must win the highest rating for true reader enjoyment and lasting value. You are sure of receiving the important new books you want to read and want to own.

YOU SAVE on every book purchased

Your membership in Sears Peoples Book Club will bring dramatic savings over prices you would pay for regular publishers' editions of the same books. This makes it possible to build, at extremely low cost, a permanent home library of which you can be justifiably proud — attractive bindings, important books, and good reading.

As a member of Sears Peoples Book Club you are not required to accept every book offered by the Club. You are free to reject any Club selection. You may purchase as few as four Club selections within a year and still retain all privileges of membership. You receive the full benefit of the cash saving on each Club selection accepted, as these same books sell for $2.50 to $4.00 in the regular publishers' editions.

Club Members pay only $1.66 for each book purchased

There are no fees or dues of any kind. You accept only the books you want and pay only $1.66 for each book, plus 9c for postage and handling. (If payment is made in advance the Club even absorbs this mailing cost.) As a member you receive without charge the Club's attractive magazine, "The Peoples Choice," which tells about the next Club release so that you may decide in advance whether or not you want it to come to you. A special printing is made of each book selected by the Club, comparable in quality to the regular publisher's edition. The distinctive and exclusive Club bindings are harmonious in color and design and will prove a gratifying addition to your bookshelves.

You receive extra books as gifts from the Club

One of the most extraordinary features of Club membership is the distribution of extra books as gifts from the Club. The economies effected by the Club's operations are in this way passed on to our members. These gift books are special Club editions of unusual and important volumes selling for $2.50 to $5.00 at publishers' list prices. They come without extra charge of any kind. You are entitled to one gift book upon joining the Club and another gift book with every fourth Club selection purchased. Three of the current gift books are shown on page 492 and more of these valuable books are constantly being added to our book list.

Club Selections are submitted to a jury of Club Members

By a unique method of selection the Club assures that each offering is a thoroughly enjoyable book, of outstanding interest and merit. Under the direction of Dr. George H. Gallup—using famous Gallup Poll methods—many copies of the best of the new books considered worthy of Club consideration are constantly being submitted to a jury of our members for reading and comment. The criticisms and opinions expressed about these books are carefully analyzed and the one book that is found to possess the widest appeal and most genuine worth is chosen as the next Club offering. Then, through the Club's magazine, "The Peoples Choice," you are given full information about this book, its author, and other interesting facts, for your decision as to whether you wish to receive it. This method of selection and approval by a continually changing jury of members explains why each Club offering has had such universal acceptance by our entire membership.

To Join — Mail enrollment card attached

Fill in this card carefully, tear off and mail. Be sure to indicate in proper space which two books you wish to receive. If you send payment with your enrollment, enclose check or money order for $1.66 in envelope with card, and address exactly as shown on card. If additional enrollment forms are desired, or for any other information, write directly to the Club at address below.

Large enough for two 10-gallon milk cans or two bushel baskets. Serves many purposes . . . take it to market . . . use it around the yard or in the garden. It can be converted into a baby wagon with one or two seats. When you take off top sides and ends, it's a real coaster or hauling wagon. Leave deep sides on to carry vegetables, newspapers, etc. Put in just one seat for small children, and there's still plenty of room for other things. Strong wood body finished in natural color, water-resistant varnish. Slats and stakes enameled bright red. Body is reinforced with cleats. Truck body convertible into wagon with front or back seat. Red enameled 8-in. wheels have smooth-rolling reclaimed rubber tires. Outside, overall measurements, 36¼x16x10½ inches.

(*Cans, baskets and papers are not included with wagon.*)

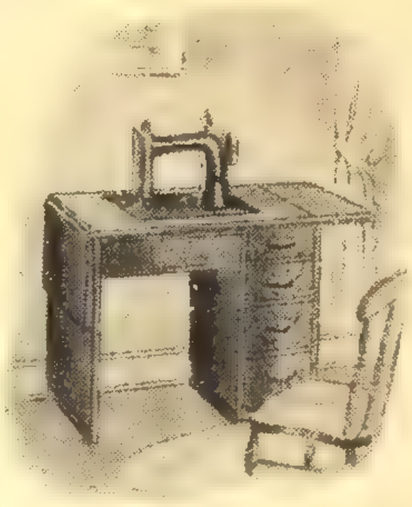
The better care—the more years of good service

It pays to take good care of the appliances you cannot replace. They take the drudgery out of your housework, save you *hours* for the "extra" chores you have had to assume nowadays. You can give this care by following a few simple, everyday rules . . . the operating instructions given you when the appliance was new. Should major difficulties occur, do not attempt repairs yourself. It is always wiser to give such jobs to a qualified service or repair man.

Tips on correct oiling

Your operating instructions will also tell you which appliances need oiling . . . how much, where, and how often. From them you can make an oiling calendar covering all your appliances over a year's time. Be sure to oil only as instructed. Overenthusiastic oiling may do more harm than good. It is advisable to use an oil can with a narrow spout since most times only several drops—not squirts—are to be directed exactly where indicated. Follow directions.

Care of appliance cords

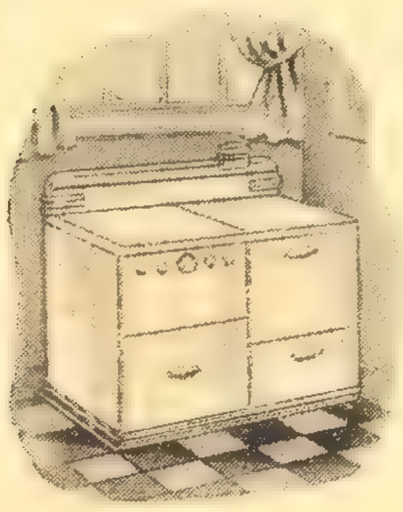


You can add years of life and safety to wiring. Never overload circuits by having too many appliances in use at once. Do not hit plugs against hard objects, or yank the cord or kink or knot it. Never let cord get wet. If it should get wet never handle it with bare hands. Always have "loose" plugs or frayed wires fixed immediately.

Care for your Coldspot Refrigerator

Reread the operating instructions and suggestions in your Coldspot Recipe Book. Provide for free circulation of air through the shelves. Defrost regularly, when about ¼ inch of frost has accumulated on sides of ice compartment. Clean spilled foods and moisture off metal or porcelain parts promptly. Clean door gasket often with a weak soda and water solution and dust with talcum powder. On older models, oil the motor twice a year; on Roto-Seal units oil the fan motor every 2 or 3 years. Clean condenser (radiator) thoroughly every 3 months with the brush provided with the refrigerator. Be sure inlet and outlet ducts to motor compartment are open and unobstructed.

Care for your Electric Sewing Machine



Use only correct size needles recommended in Instruction Sheet you received with your Sears sewing machine. Use of incorrect needles is the cause of a majority of sewing machine repairs. Correct size needles for Sears sewing machines are listed in this catalog. See index under "Needles".

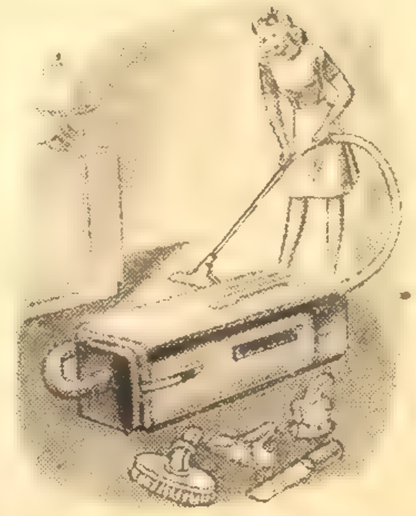
Keep your machine well oiled. If your machine is given heavy use every day, oil it every day; otherwise, an occasional oiling will do. One drop of oil is enough for each part. Lack of oil often causes sewing machines to tighten up.

Keep shuttle mechanism clean, lint-free. Don't run machine when threaded without having material under presser foot, or shuttle mechanism will become clogged.

Care for your Prosperity Gas Range

Treat your good Prosperity Gas Range properly and it will serve you long and well, providing better cooking results at a lower fuel cost. Simple rules will help you: See that gas pressure is properly adjusted, and that range burner grates are level. See that air and gas mixture is right so as to give a good clear flame. Keep burners, pilots, flame openings clean. Protect enamel surface from sudden changes of temperature, scratches, blows, spills and acids. When range cools clean with soap and water. Don't use harsh cleaners, they may scratch. Wash ovens weekly with warm soapsuds. Use clear water rinse. Scrape runover food with knife if oven is warm, if not use mild cleanser.

Care for your Silvertone Radio



Care for your radio as both an electrical appliance and a fine piece of furniture. Protect it from heat, cold and dampness, and keep it away from the wall for ventilation. Make sure your aerial and ground connections are tight, cord and plug in good condition. Check tubes regularly; be sure they are tight in the sockets. Take care of the cabinet as you would any other piece of fine furniture. If you have a battery radio, use it a few hours every day to get highest battery efficiency but do not play it continuously for long periods. Turn it off when broadcast is over. If you have a "Battery Saver Switch" leave it in "low" or "new" position as long as possible to prolong battery life.

Care for your Kenmore Washing Machine

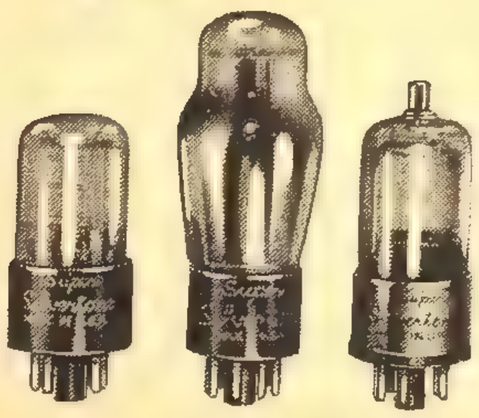
Reread the operating instructions that came with your machine. Avoid overloading your washer. Washing slightly less than the rated pound capacity will save wear on the motor and save power. Use enough soap to maintain clean suds on top of the water. This will give you much cleaner clothes and save running time—from 7 to 12 minutes should be sufficient. Protect the wringer rolls by folding garments so buttons and fasteners do not come in direct contact with rolls. Drain and rinse tub after washing. Release pressure on rolls, wash and dry wringers and frame. Remove gyrator, rinse and dry. Do not cover tub until dry.

Care for your Electric Vacuum Cleaner

Whether you have a Sears tank-type or bag-type vacuum cleaner, it is necessary to keep the dust bag clean for maximum cleaning efficiency. Read the operating instructions you received when your cleaner was new. Always pick up paper clips, safety pins and hair pins before starting cleaner. When cleaner is not in use, coil the cord loosely to avoid kinks or knots. On bag-type cleaners, be sure to clean the revolving brush and the dust bag each time you use the cleaner. If cleaner does not pick up dirt satisfactorily, adjust screws at each end of brush so that bristles extend 1/16-inch outside brush guards. For new brushes, see "Brushes" in index.

Never throw away old parts . . . they are often necessary to get new parts

Millions of Silvertone Radios are entertaining America



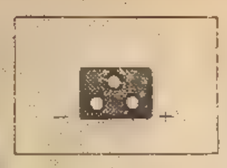
REG U S PAT OFF

All over our big nation, there are millions of Silvertone radios being played today—in countless farm homes, in big and little homes in industrial cities and quiet villages across the breadth of the country there are Silvertone radios helping to tie all of our people into one united nation.

Those millions of Silvertones are doing their share to entertain Americans—bringing the latest in dance music and thrilling concert music, bringing up-to-the-minute news reports, vital weather and market reports, on-the-spot descriptions of big events from all over the world right into American living rooms. Americans all across the country have learned to depend on their Silvertones for news and entertainment that can be had in no other way. And they've found that Silvertones, built to last, do the job day in and day out.

The Silvertones that are serving now are all pre-war radios, of course, and many of them are really old-timers but they're still doing their jobs. One of these days—that "tomorrow" that we're all looking for—will bring brand new Silvertones to the market that will reach a new high in quality and styling. Silvertone engineers are working now, and have been for a long time, keeping abreast of the momentous happenings in radio so that Silvertone can lead the field as usual, at a price within the reach of everyone. To replace the radio sets now in use, there will be new Silvertones to pick up frequency modulation (FM) broadcasts, and new Silvertones for television . . . they will have even more natural tone, more beautiful cabinets and all the other refinements now being developed. The new Silvertones will be well worth waiting for!

BATTERIES... Sears have not offered radio dry batteries for sale in the catalog for over a year and we are still not able to do so because of the uncertainty of filling orders. Although there are some batteries available at irregular intervals, we do not want to chance disappointing a customer.

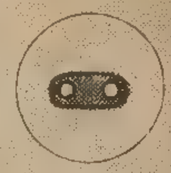


More batteries than ever are being made today but almost the entire production is being turned over to our armed forces and to our allies. These forces need many thousands of dry cells every month for radios and other communications equipment and this need, even though it takes every available battery, must necessarily be satisfied first. Because the needs of the armed forces are so great, there are few batteries left each month for civilian use, and Sears' share is not large enough or certain enough to offer them for sale here.

We do get some batteries from time to time, to fit most farm type radios, which are offered to you as they become available. (*No batteries for portable radios are being manufactured.*) Write our Personal Service dept., telling your needs; we will make every effort to help you.

TUBES... RADIO TUBES CAN STILL BE PURCHASED FROM SEARS MAIL ORDER HOUSE IN CHICAGO. If you need replacement tubes for equipment you own or operate you can order them from our stock centered in Chicago. Because our armed forces need an almost endless supply of radio tubes, those available for civilian use are limited both in variety and quantity. Quantities available are comparatively small and the demand is great, which makes it impossible to print a dependable list here of the types in stock.

HOW TO GET REPLACEMENT TUBES: (1) Have your old tubes tested to make sure they are defective. (2) Write to Sears, Roebuck and Co., Chicago 7, Illinois, requesting *Special Radio Tube Circular 9158K*, which is reprinted frequently and shows all types of tubes available at the time you write. (3) If the tube you need is listed on the circular you receive, sign the Certification Form printed on the circular (certifying you need certain tubes for replacements) and return it with your order. Silvertone tubes will be listed at the usual money-saving prices, and will carry the regular unconditional guarantee of one year's satisfactory service. Silvertone tubes fit all radios—any make, any year, any model.



Standard 3-hole socket for 45, 33 and 22½-volt "B" Batteries

Standard Flashlight-type connection for 1½-volt "A" Batteries

Standard 2-hole socket for 1½-volt "A" Batteries

Silvertone Hearing Aid Batteries

REG U S PAT OFF

First quality . . . for all vacuum tube hearing aids

(Caution: These batteries do not fit radios of any type)

Sears offer standardized batteries to fit all vacuum tube hearing aids. "B" batteries (45, 33 and 22½-volt sizes) all have standard 3-hole connection; "A" batteries are 1½-volt cells with either flashlight-type or 2-hole connections. If your present batteries are not listed in Replacement chart below, compare them with illustrations above and dimensions in Ordering chart below, to find what type of Silvertone batteries will work with your hearing aid. These batteries cannot be used with the carbon type of hearing aids and will not fit radios.

We suggest you use a different "A" battery each day, using the batteries you have over and over, rather than using one until it is completely exhausted. They will give you longer service if used in this way. Note that "A" batteries are priced in quantities of 12 or 4, depending on size, so that you will be saved the necessity of frequent ordering, and have a reserve stock to rotate.

Note: In accordance with War Production Board rulings, these batteries are for use only with Hearing Aids
